## To Bridge Gap

# NATO Ministers Agree On Plans

PARIS (AP) — Ministers of the Atlantic alliance agreed Thursday on new efforts to bridge differences between the United States and France on the political and military future of Western defense.

The North Atlantic Treaty Organization's foreign, defense and finance ministers concluded their annual year-end conference without agreement on any combined control of nuclear weapons. But they agreed to continue a discussion of this problem within the NATO framework.

U.S. Secretary of State Dean Rusk headed back to the United States confident that the new contacts opened with France in his talks with President Charles de Gaulle and Foreign Minister Maurice Couve de Murville of France will be carried forward.

The United States continued to advocate a multinational system whereby NATO members could share the "agony of responsibility" for recourse to nuclear conflict. De Gaulle wants to retain full control over his budding nuclear force.

American officials saw some prospect for bringing the divergent views closer together through coordination of U.S. and French nuclear strategy. French Defense Minister Pierre Messmer raised this possibility with U.S. Defense Secretary Robert S. McNamara and the U.S. position is to see where this leads.

Both sides realized that there never can be any separate nu-

clear action within the alliance, and that the distinction between the U.S. policy of an integrated force and the French concept of coordination may not be as sharp as thought.

There were signs that De Gaulle shares Washington's determination to prevent any further spread of nuclear weapons. De Gaulle agreed with Rusk that the explosion of a bomb by the Communist Chinese raises this problem in a new form.

The question could become acute if Red China builds a large nuclear arsenal to back up a militant expansionist policy. This might propel Japan or India into nuclear testing in self-defense.

## Ionia's New Dial Phones In Operation

Ionia's new dial telephones are ringing.

This ringing was caused by final testing of dial instruments, as the United Telephone Company of Missouri prepared to assume operation of the Ionia exchange area with a conversion to modern service Dec. 16.

Conversion to dial service featured installation of special "EAS" (or Extended Area Service) circuits between Ionia and Cole Camp. This service links the two telephone areas enlarging the scope of area service.

Ionia residents are now able to call all Cole Camp numbers merely by dialing the Seven (7) Figure directory number. Cole Camp customers are able to make an EAS (non-toll) call to Ionia by dialing the special code "636" plus the last four digits of the Ionia telephone number desired.

Telephone officials explained the modern EAS service has been provided Cole Camp customers at no increased cost. Conversation timing will limit calls to 6-8 minutes assuring more equitable usage of the new circuits.

"Apparently, most Ionia residents were extremely anxious to begin using their dial telephones," Clinton District Manager, C. E. Smith reported. "Our district plant crews have been individually testing all telephone lines and an opportunity was given many residents to dial an actual call through the new automatic equipment."

The completely new Cole Camp-Clinton directory (listing Seven (7) Figure numbers for Cole Camp) has been mailed to all customers. The "ANC" (All Number Calling) plan is being made uniform throughout the United Telephone System as each new directory is produced. "Formal announcement of (Please turn to Page 4, Col. 7)

## Cold Air Cover Moves To Southland

By THE ASSOCIATED PRESS

A vast cover of cold air which lay paralyzing over the Northwest, Midwest and Great Plains states for three days spread out ominously Thursday into the Southland.

Cold wave warnings were issued for southern and eastern Texas, western and northern Louisiana, southeastern Arkansas, western Kentucky and western Tennessee.

Ahead of the mass of polar air, the Weather Bureau said, was freezing rain and the possibility of some locally heavy snowfalls.

Temperatures will drop rapidly to below zero as far south as the Texas Panhandle and as far east as northwestern Ohio, the bureau forecast.

North of the threatened area, lay areas of bitterly cold temperatures and human misery.

West Yellowstone, Mont., near the national park, had the lowest reported temperature Thursday, -51 degrees. Meacham, Ore., near Pendleton, had -36, and Worland and Moorcroft, Wyo., reported -35.

Readings throughout Montana ranged from the West Yellowstone low of -51 to -23.

At Cle Elum, in the eastern foothills of Washington State's Cascade Mountains, the low Thursday was -25. Ellensburg, in central Washington, had -23, and Spokane -20. All were records for the month.

Readings in North Dakota in northwestern North Dakota had -23, and Rapid City, S.D., the same reading. The Custer, S. D., was -37, and Hot Springs, S.D., had -26.

Two motorists stranded near Belfield, N.D., for 18 hours in drifting snow and bitter cold, told rescuers they burned bits of paper in a steel safety helmet to keep warm.

The freak snowstorm which barreled down from the arctic two days ago, after the cold wave had started eastward, dissipated but left huge drifts in Montana, Wyoming, Colorado, North Dakota and Minnesota. The wind which swirled snow through these states at speeds up to 95 m.p.h., also had sissified.

## 'Compromise' Proposal

# Mills' Support For Aged Plan

WASHINGTON (AP) —Rep. Wilbur D. Mills, a major congressional opponent of President Johnson's health care plan, says he is prepared to support a program administered by Social Security but separately financed.

Mills' views amounted to a rough sketch of a program for the aged different from the administration's Social Security plan but compatible enough with it to give every indication that a compromise could be reached.

If this should prove to be the case, the decade-long controversy in Congress over health care for the aged could be settled by mid-1965. The program is one of Johnson's principal legislative goals.

Mills, an Arkansas Democrat, is chairman of the House Ways and Means Committee, which has been the graveyard of legislation for health care of the aged under Social Security.

"I could vote for a payroll tax to finance part of the cost of health care for the aged," Mills said when he was reached by telephone at his district office in Little Rock, Ark. He said further he has "no objection to Social Security administration of such a program." He added:

"It would be easier for them to do it, and it certainly would be less expensive than setting up a separate agency."

As for the prospects, he said, "I assume the committee would be able to work something out."

He declined to speculate on that benefits might be provided under a plan of the kind he would favor, or what its cost might be.

The Johnson-backed plan is essentially similar to those proposed earlier by President John F. Kennedy and congressional sponsors over the years. It would provide hospital, nursing home and some outpatient service — but not regular doctor care — for the aged.

The cost would be met, for Social Security retirees, by increasing the payroll tax now paid by both employers and employees and now used to provide old age, disability and similar cash benefits.

The general Treasury would make a contribution to pay for care of old persons not covered by Social Security. No test of income or assets would be required.

Olin Parks, who formerly operated Parks Insurance Agency at 112 West Fourth, has been unanimously elected president of the Windsor Chamber of Commerce for 1965. He succeeds Denton Hughes, lumberman, who becomes a member of the board of directors.

Other officers, also unanimously elected, were: Wilbert Smith, first vice-president; Ralph Allen, second vice president; William Wallace, secretary; Walter Moser, treasurer; directors, Kenneth Gladfelter, Galen Saxton, and Dr. Claude M. Thurber, M.D.

# Rescue Mission Is Denounced By Reds

## Powers Are Accused Of Conspiracy

Charges Aired To Security Council Of United Nations

UNITED NATIONS, N. Y. (AP) — The Soviet Union denounced as "monstrous" the U. S. Belgian mission that rescued 2,000 rebel-held hostages in the Congo, and said it was carried out while the Western powers plotted secretly to dismember that African country.

Nikolai T. Fedorenko, chief Soviet delegate, delivered the charge Thursday in the U.N. Security Council, where he proclaimed support for the rebels seeking to overthrow Premier Moise Tshombe.

"What was behind this monstrous mission of the Western powers?" he asked. "At the same time this operation was being planned the Western powers were putting the final touches on a criminal conspiracy for the dismemberment of the Congo."

He claimed that 10,000 Congolese men, women and children were killed by mercenaries and Belgian paratroopers — a charge that has been denied by Belgium and other Western delegates.

Fedorenko lined up behind those African nations which have been demanding that the council condemn the United States, Belgium and Britain as aggressors for carrying out the rescue mission late last month. Britain permitted the paratroopers in U.S. planes to land at the Island of Ascension en route to Stanleyville.

Oscar Kambona, foreign minister of Tanzania, told the council that the Stanleyville operation "will go down in history as the meanest, most unwarranted and provocative interference by the Western world in the affairs and peace of the African continent."

But not all African nations were united on a solution for the Congo. At a private meeting of African foreign ministers and ambassadors, Nigeria and the Congo were reported critical of efforts of the Organization of African Unity to bring peace to the Congo.

Recommendations by the OAU included sending of a fact-finding body to the Congo and surrounding area, a cease-fire in the Congo, withdrawal of mercenaries from the Congolese army, and a roundtable conference of Congolese politicians aimed at national unity, diplomatic sources said.

Fedorenko described Tshombe as a puppet installed by the agents of colonialism and foreign monopolists.

## Word From McNamara

# Atomic Charges Among Weapons

WASHINGTON (AP) — That atomic demolition charges are among the nuclear weapons stockpiled in Europe was confirmed Thursday by Secretary of Defense Robert S. McNamara.

## Resignation By Trio On Hiway Panel

Bradley, Cook, Treasure Will Quit On Jan. 11

JEFFERSON CITY (AP) — Three members of the Missouri Highway Commission have submitted resignations to Governor Warren E. Hearnes, the Associated Press learned Thursday.

They include Henry Bradley of St. Joseph; Harold Treasure of Kennett, who is commission chairman, and Sam B. Cook, Jefferson City banker.

Cook is president of the Central Missouri Trust Co., which Hearnes campaigned against as the center of a so-called "Establishment" of Democratic party leaders.

None of the three has been confirmed by the Missouri Senate.

Bradley, a Republican and a newspaper publisher, was first appointed by the late Gov. James T. Blair and reappointed by Gov. John M. Dalton.

Later Dalton appointed Cook to succeed A. D. Sappington of Columbia, who resigned, and Dalton named Treasure to the commission after appointing the former chairman, Fred L. Henley, to the Missouri Supreme Court.

Treasure is Dalton's partner in their Kennett law firm.

All the resignations are effective Jan. 11, the day Hearnes takes office.

The fourth commission member is Roy Mayes of Carthage, Bradley's Republican colleague on the commission.

In his campaign, Hearnes said he thought the commission should be expanded to six members, with one from St. Louis and one from Kansas City. Such a change would require a constitutional amendment.

In his letter of resignation, Bradley told Hearnes "service on the commission has been a gratifying experience in public work. I am sure your appointee to succeed me will find this to be true."

The existence of such devices — for use in blowing up highway networks or blocking mountain passes — had been a matter of record for more than half a dozen years, but until now there has been no authoritative word on where they were spotted.

McNamara, returning from meetings of the North Atlantic Treaty Organization in Paris, was asked about reports that atomic demolition munitions — ADM — were being used in the defensive system along the Communist border of Germany.

"I understand there has been discussion in the press of atomic demolition devices," he replied. "These are but one of a series of nuclear warheads at the disposal of NATO."

He added that, during the past three years, the stockpile of nuclear warheads in Western Europe, for NATO use, has been increased about 60 per cent.

McNamara said that plans have been made by the supreme Allied commander in Europe "for the use of those charges under appropriate conditions."

McNamara obviously referred to the chain of command under which authority to use nuclear weapons of any type rests exclusively in the President. The Allied commander could direct use of demolition charges only after receiving "appropriate" authority from the President.

The atomic demolition kit presumably is provided in package form, with variations in the amount of explosive material ranging from comparatively small, subkiloton up to big, multikiloton use. A nuclear device of kiloton caliber means one with an explosive force equivalent to 1,000 tons of TNT.

An official Army dictionary suggests that an ADM may be either a nuclear device designed specifically for demolition purpose, or a warhead for a missile or artillery shell adapted for such use.

The Army's Material Command noted in an announcement last month that ground mobility experts were in Nevada to study the effect of underground nuclear detonations.

## Stay Of Execution

WASHINGTON (AP) — Supreme Court Justice Byron R. White, Thursday granted a stay of execution to Ruben Anderson, who was scheduled to die Jan. 8 in Missouri.

The stay was granted pending Supreme Court action on an appeal, to be filed later. Anderson was convicted of beating to death Anthony J. Schlader on March 19, 1962, in St. Louis, during a robbery.

The Missouri Supreme Court upheld Anderson's conviction on Nov. 9.

## Virginia, It's This Way...

Some of us usually assume that when the Christmas season rolls around jolly old St. Nick automatically pops up or down from somewhere and starts holding children in his lap and asking them if they've been good and what they want for Christmas, ho, ho, ho.

It now develops that it isn't this simple. It turns out, in fact, that there is a shortage of supply in satisfactory Santas.

As a result, some stores have stopped having a Santa. Others have replaced him with lovely girl elves who are not only easier to hire but undeniably younger and prettier for the customers to gaze upon than the average Santa. However, we haven't seen any of these little elves around Sedalia.

Several factors are supposed to contribute to the Santa slump.

One is the pay—as little as \$1.50 an hour. (What some Santas want for Christmas is more money.)

Another is that some children are cool or even hostile to Santa. One young fellow, miffed because he didn't get an electric train the year before, hauled off and kicked Santa in the shin so hard he drew blood.

"That's so you don't forget," he explained.

Store owners say some men who look as if they might make good Santas flunk the test for the simple reason that they hate kids. You can see that this wouldn't work out too well.

But with all this, things aren't too bad.

As long as mom and dad can manage to fill the wee Christmas stockings hung with care on the mantel, any youngster who shares the philosophy of the little boy who said he loved Christmas because of the "lovely spirit of getting presents" may not be too unhappy.

After all, kids are delightfully practical about such things.

## The World Today

## McNamara's Brand of Frugality

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — President Johnson has a favorite word, "frugality." Since Secretary of Defense Robert S. McNamara takes it seriously, as he showed again over the weekend, they get along.

McNamara's brand of frugality, like plans for closing military and naval bases and merging the Army Reserve with the National Guard, won't win him a popularity contest with the people and places affected.

This is true with some members of Congress, where there are some of the tallest cries for economy, either because they are in the reserves or their states lose income when bases are closed.

But McNamara's thrift, which he was practicing before Johnson moved into the White House, endears him to the President. It's a case of just what the doctor ordered.

Johnson was in office less than three weeks when he said the Defense Department must make "the largest effort" toward economy and "achieve the biggest savings."

He patted McNamara ahead of time by saying: "This country has never had an abler or more dedicated secretary of defense, and I have known them all."

All this paid off. Early this year Johnson, facing an election and therefore doubly concerned about spending, was able to produce a budget under \$100 billion. It was \$97.9 billion.

The Defense Department's share of this was \$51.2 billion, a cut of \$1.1 billion from last year.

Last April, McNamara, writing about his job, said that when he took office he could have adopted either of two broad philosophies of management.

He could be passive, meaning he could make the decisions on recommendations made to him; or he could be aggressive by "questioning, suggesting alternatives, proposing objectives, and stimulating progress."

He said "this active role represents my own philosophy of management."

He hustled around, visiting bases that he thought could be eliminated, reducing the Defense Department payroll.

And last October, after the Kremlin leaders threw out Premier Khrushchev and the Red Chinese had their first nuclear explosion, McNamara said neither will wear any significant increase in next year's budget.

Speaking of American nuclear power, he said: "These forces are adequate to survive a surprise attack upon this country and survive with sufficient power to strike back in such a way as to assure the simultaneous destruction of the Communist Chinese and the Soviet societies."

"If there should be any indication of significant increases in Soviet forces or Soviet military budgets, for example, we shall be able to take the necessary steps to counter these increases before they become effective."

It seems a good guess that in the next Johnson offers Congress budget month McNamara's

Defense Department may ask for even less than this year.

This is behind the guess: On Nov. 19 McNamara announced plans for closing 95 military bases and Navy yards in 33 states and five countries abroad to save \$477 million.

The same day Johnson said he estimates that the level of defense spending will remain constant or even be less "if there is no significant change in the threat we face."

## Keeping Children Busy

DEAR POLLY — Instead of carrying along a lot of toys to keep our 2-and-3-year-old daughters occupied when we are visiting friends or taking a trip, we fill two of my

old purses with all kinds of odds and ends. The girls get a kick out of carrying the purses themselves and the contents keeps them occupied for hours.—MRS. P. C.

DEAR POLLY — Newspapers are worth many times their cost not only for the information they contain but for many and varied uses while traveling. Keep a good supply in your car trunk for: (1) paper to start a camp fire, (2) wrapping garbage, (3) tablecloths for picnics, (4) play hats and paper dolls to entertain the kids, (5) wrapping fish, (6) the puppies, (7) using in windows for sun shades, (8) umbrellas from car to house, (9) under floor mats to catch dirt, (10) repeat reading matter for oldsters when time hangs heavy, (11) funnies the kids will enjoy over again. You can probably find other uses, too.—MRS. J. M.

DEAR POLLY — I keep all my empty half-gallon milk cartons to make building blocks for the children. By cutting off the tops of two cartons, one can be slipped inside the other. Different sizes of cartons can be used to make blocks of various sizes. These are safe to play with and provide hours of fun for the children.—SHIRLEE

DEAR POLLY — The lining came loose in one of my bedroom slippers and I was com-

pletely out of glue. I cut a new lining to fit the bottom of the slipper, dampened it slightly and sprinkled powder made to hold false teeth in place on the moistened piece. I smoothed out the lining inside the sole of the shoe and it stuck tight. I have often heard that necessity is the mother of invention. I didn't invent false teeth gripping powder but I did discover a new use for it.—INEZ

Then last week Moscow announced a 4 per cent cut in Soviet defense spending. This might be a coincidence. Or it could mean both big powers are slowing down the arms race.

Over this past weekend, McNamara said he plans to eliminate all unnecessary Army Reserve units and merge the others with the states' National Guard. He figured this would eliminate about 150,000 men from the rolls and save \$150 million a year.

## THE DOCTOR SAYS

## Winter Season For Slips, Falls, Breaks

By Wayne G. Brandstadt, M.D.  
Newspaper Enterprise Association

The slippery sidewalk weather is upon us. Many people will fall and break a bone this winter as in the past. Fractures may occur at home, while engaging in sports, and on the highways. But in winter, slipping on the ice or snow is the most frequent cause. Fractures are classified as closed (or simple) when the skin is not broken, and open (or compound) when it is. In addition to the hazards of common to all fractures, the open fracture carries the risk of infection. This, in turn, usually means delayed healing.

When a person suffers a painful fall it is important to determine whether a bone has been broken. Tenderness to touch over the injury, pain on movement and an unnatural shape in the injured part mean that a fracture may be present.

If there is any doubt, play it safe and assume that there is a fracture. If on first attempts to move a limb a grating sound is heard, there can be little doubt of the presence of a fracture. Swelling and discoloration of the skin in the area will follow a fracture but may take several hours to appear.

It is of prime importance not to move the fractured part because this may cause jagged edges of bone to sever nerves or blood vessels in the area. Before World War I the necessity of splinting all fractures of the extremities prior to moving the victim was not appreciated. As a result many persons with relatively harmless fractures died

of shock due to rough handling on the way to the hospital.

In an emergency a broom stick, golf club, umbrella, lead pipe or any rigid object can be used as an improvised splint. It must, however, be long enough to immobilize the joints above and below the break. If a bone in the leg or thigh is broken the shoe and sock must be removed so that a frequent check can be made for pulsations in foot. A fracture of the arm or forearm is often best immobilized by placing the arm in a sling.

Only after the fracture has been immobilized should the victim be moved. A fracture is painful only when it is moved so, even after splinting, the victim should be handled as gently as possible.

Once the victim is taken to a hospital, X-rays will reveal the presence or absence of a break and, if a fracture is present, will reveal how much displacement of bone has occurred. The doctor can then realign the bones. In some cases the realignment can be maintained by placing the limb in a cast. In others traction may be required to complete the realignment before a cast is applied. In still others it may be necessary to lay open the flesh and fix the fragments in place with metal plates and screws, or a large pin.

When the bones are properly placed and held in position nature does an excellent job of knitting the fragments together again.

## We the Women

## You Need Her---Tell Her

By RUTH MILLETT  
Newspaper Enterprise Assn.

When a woman feels that she isn't very important to her husband, she is bound to develop a sense of inferiority. As a result, she will be no joy to live with.

The man who understands that his wife needs to feel important and feels that need, saves himself a lot of trouble.

The wife whose husband makes her feel needed and important doesn't have to buy things she doesn't need, or even particularly want, just to impress other women.

The wife whose husband makes her feel he couldn't get along without her will work and save without a hint of feeling

sorry for herself. No matter how little she has, she knows she is important to at least one other human being.

The wife who feels her husband is proud of her isn't likely to let her appearance go, or overeat as compensation for feelings of inferiority. She is too busy trying to live up to his pride in her.

The wife who is praised for what she does is a hard and tireless worker, for she never gets to feeling "What's the use?"

The wife whose husband talks over business matters with her and treats her like a full partner in financial matters isn't tempted to cheat a little when she tells him how much something cost. She lives up to her position as a full partner.

The man who lets his wife know he truly needs her at his side can be sure that his marriage is here to stay.

A contented wife won't look for someone else to make her feel important.

## What Next?

A funny thing happened in the business world the other day.

Two business men transacted a rather important business deal by the simple procedure of one business man calling on the other business man in his office at 10 o'clock in the morning.

By 10:25 o'clock the deal was all wrapped up and the first business man was on his way back to the office.

They didn't go to lunch to talk it over. They didn't play a round of golf to button it up. They just met in an office during working hours and talked business.

Amazing.

## Washington Merry-Go-Round

## Kirwan Aid to Education in Samoa

By DREW PEARSON

WASHINGTON — My apologies to two congressmen, John J. Flynt, D-Ga., and Mike Kirwan, D-Ohio, in regard to a recent column on their junkets.

I now find that Rep. Flynt did not get started on his. He was slated to go to the Far East as a member of the House Appropriations Committee, but at the last minute called off the trip.

Rep. Kirwan did go to Samoa in the South Sea Islands on an inspection trip for the Appropriations Committee. But additional background has become available which in fairness I want to report.

For a long time the American part of Samoa has been one of the more neglected portions of the South Seas. It has suffered from poor schools, with one third of the children of high school age not attending. Under the law they are supposed to be taught in English, but few Samoan teachers have a real knowledge of English.

Accordingly, Gov. Rex Lee decided to inaugurate educational television. He had the alternative of firing 300 Samoan teachers and bringing in 300 Americans to teach English, which would have generated ill will. So he decided to use a few American teachers to teach students via TV, and incidentally improve the English of the Samoan teachers.

When the problem came before the House Appropriations Committee, Mike Kirwan, subcommittee chairman, helped appropriate \$1,600,000 for educational TV. The money was voted, the TV network was set up in cooperation with the National Association of Educational Broadcasters, and Mike was persuaded — somewhat against his will — to make the trip to dedicate the new TV network.

Mike did inspect public works on the islands, plans for a new hotel and a new hospital. He also dedicated a new airport.

But most important and most inspiring was to see classrooms of Samoan children listening to an American teacher on the TV screen point to a pig and get the children to say in chorus "big pig"; then point to a man and get them to say in chorus "big man."

It was a laborious start, but one which is beginning to get results — so much so that a representative of New Zealand's Samoa Islands and the Prince of Tonga nearby came over to see the Samoan inauguration. It has now become an education showplace for the South Pacific.

I am delighted to give these further facts about Mike Kirwan's junket, and I am grateful to Leonard Marks, counsel for educational TV, for bringing them to my attention.

# Flood of New Toys In Sedalia Stores

**SECRET WEAPON**—Nestling among the various parts of a model train set, which has been a traditional Christmas gift since the first rails were laid, is one of the toy industry's brand new secret weapons, a gun that shoots around the corner. The hinged barrel makes it possible to aim through

a mirror arrangement at the unsuspecting target without the gun handler showing himself. The gun is a repeater, making it possible to fire five half-inch balls without reloading. Many of these toy guns are finding their way into Sedalia packages that will be under the Christmas tree. (Democrat-Capital Photos)

**FOR THE QUIET ONES**—This "Thimble City" could be called a do-it-yourself project. It comes disassembled, to a certain extent, and can be put together to suit the builder. The complete outfit sits on a platform, with plenty of room underneath for the owner to work. The people and cars in-

cluded in the set can be moved about by operating a magnet, shown on the end of the stick in the lower left portion of the photo. This gives an effect of the cars and people moving by themselves.

**A NUT**—Nuts usually come in bags under the Christmas tree, but this one comes in a box. He's called the "Nuttie Indian," for good cause. He comes complete with war paint, a weird-looking tom-tom drum and drum sticks. Under battery power-

er, he can create an uproar among children and adults alike with his spirited war whoops, drum beating and other antics. He even sticks his red tongue out at onlookers, in time with his drum beating. A fun maker for the family.

**POLLY YACKER**—This over-grown parrot is another of the new things shoppers will find in some Sedalia stores while doing their Christmas shopping this year. He is about 18 inches in height, and all you have to do is pull the string, release it and listen. It's spring powered. It talks, yaks and insults people. The beak is animated for added effect. It will do about anything the real bird will do except swear, and the censors probably wouldn't allow that.

**NEW FAVORITE**—Dump trucks of one kind or another have been popular with children for many years, and each year toy makers add something new to their products. This year, they came up with the sound of power, added to the forward-reverse-dumping action in models of other years. The model above is battery-powered, with the "zaroommmm"

sound of power under separate control from the truck. Small fry receiving one of these trucks will find the time bomb shown in the truck bed above does not come with the truck. The store manager placed the bomb in the truck bed for effect.

**FOR WISHERS**—This display of "Wish-Niks" is a paradise for those who constantly wish things were as they want them to be. You're supposed to buy the wish-nik, then dress him out in whatever role you would like to play in real life. Some of the costumes are shown in the lower part of the picture. Merchants suggest you buy several, at least one for every day in the week, and be someone different every day—if they really work.

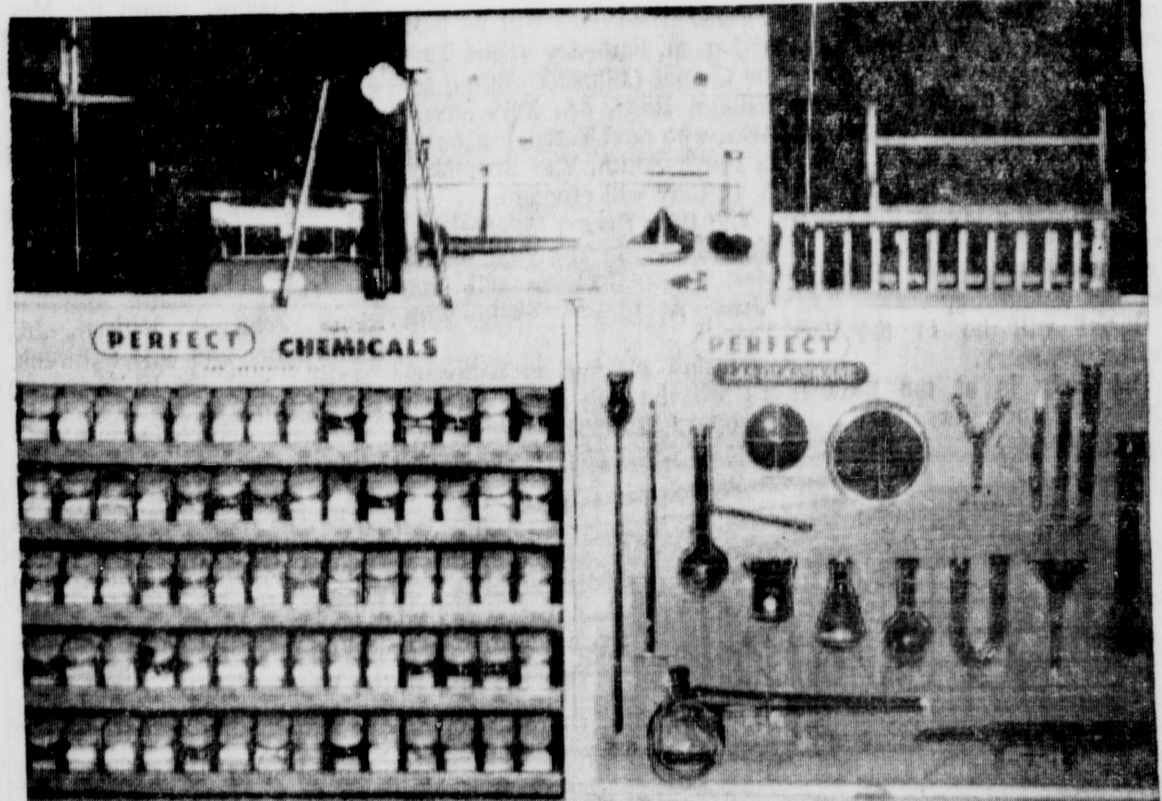

**LOVABLE**—Most people love animals, and this lovable character, a giant in his own right, with his long ears, droopy eyelids and soft, downy fur and a smile on his face,

will easily find his way into the heart of any owner. He's found in Sedalia stores. A new model of an old favorite.

**FOR HOT RODDERS**—This hot rod motor on bicycle or tricycles will probably scare the daylight out of unsuspecting parents, but will give its owner a sense of power. It looks like a real motor and sounds like a real motor, but here the resemblance ends. It's battery powered, and the operator can start it, rev it up, slow it down, idle it or race it through use of the separate control. Then he can shut it off and lock it. It's found in some Sedalia stores.

**SCIENCE SET**—This science display provides the necessary supplies and gear to gladden the heart of almost any young scientist. It includes chemicals of all sorts for experiments, glassware for a laboratory,

weather instruments and several sorts of measuring devices. Sedalia merchants have noted an increased interest in science or chemical sets of various kinds during the Christmas shopping season.

## Recovery After Surgery Is Rapid

HOUSTON, Tex. (AP)—The Duchess of Windsor remained at her husband's bedside every waking moment Thursday as the former British monarch serious abdominal surgery.

Methodist Hospital spokesmen said the duchess left the bedside only while the 70-year-old duke was sleeping.

The duke's condition continued excellent and a hospital advisory said he was resting comfortably despite some medication for pain relief.

The duke's condition continued excellent and a hospital advisory said he was resting comfortably despite some medication for pain relief.

The former king drank his own special tea from India which he carries wherever he goes.

The duchess, 68, a former American divorcee, the duke married 28 years ago after abdicating the British throne, had said she might leave the hospital for "a breath of air" Thursday but spokesmen said she indicated she would not leave the building this week.

While her husband slept, the duchess granted an exclusive interview to Mabel Elliott, a reporter for the London Daily Telegraph, under terms she would not discuss her husband's four-year abdominal ailment.

This was in line with similar interviews granted Monday and Tuesday to women reporters from Houston's two daily newspapers.

Otherwise, hospital officials ruled out any interviews or photographs of either the duke or duchess or of any of the nurses.

The tea was the duke's first oral refreshment since the 67-minute operation early Wednesday. Dr. DeBakey said it will be another 36 hours before his patient can take food orally.

### Citizen Of Year

NEVADA, Mo. (AP)—Col. Claude C. Earp, former chairman of the Missouri Highway Commission and once director of Missouri Selective Service, Thursday was named Nevada's "Citizen of the Year."

### Accidents

Two out-of-town motorists escaped injury at 9:40 a.m. Thursday when their vehicles collided on relocated north Highway 65 at the intersection of North Grand Avenue.

The State Highway Patrol said a 1961 Dodge pickup truck, driven by Leroy Raines, 47, Route 2, Nelson, was making a left turn and was struck in the left side by a 1962 Plymouth stationwagon, which was passing. The stationwagon was driven by Earl Hallett, 66, Columbia. Both vehicles were southbound.

Police investigated a two-car accident near the intersection of 16th and Missouri at 4:03 p.m. Thursday.

The vehicles involved, police reported, were a 1960 Falcon, being backed from a parked position on 16th by Ruth M. James, 48, Hughesville, and a 1963 Valiant, driven west on 16th and negotiating a left turn by W. A. Coester, 60, 619 West 23rd.

The left rear fenders of both vehicles were damaged.

### Police Reports

Police found the barber pole at the Osborn Barber Shop, 812 West 16th, had been turned over late Wednesday night.

The vehicles involved, police reported, were a 1960 Falcon, being backed from a parked position on 16th by Ruth M. James, 48, Hughesville, and a 1963 Valiant, driven west on 16th and negotiating a left turn by W. A. Coester, 60, 619 West 23rd.

The left rear fenders of both vehicles were damaged.

### Marriage Licenses

Leo Job Harned, 1324 South Carr, and Ida Bell Hunefelt, 2514 Anderson.

### Area Fires

Pettis County firemen braved the near zero temperatures Thursday at 7:10 p.m. when they extinguished a brush fire on the Wesley Booth farm, about four miles west of Sedalia on 16th Street Road. No damage resulted.

Booth was notified of the fire by passing airmen.

Pettis County firemen were called to the Louis J. Weller residence, Route 4, at 8:45 p.m. Thursday where the house was reported to be ablaze.

Upon arrival, firemen used one booster line to extinguish a fire on the west side of the structure. Considerable damage resulted to that side.

The cause of the fire was undetermined, however, a heat lamp being used in the bathroom was listed as a possible cause.

### Circuit Court

The State Highway Commission instituted condemnation proceedings in Circuit Court Thursday signalling a start on another phase of Urban Plan highway work in Sedalia.

This latest phase of the plan will connect North Ohio Avenue with Highway 65 bypass north of the city—a construction project of 1.3 miles.

While the condemnation proceedings filed name a long list of defendants, the work will cross only five separate tracts of land. Hearing on the condemnation action has been set for 9:30 a.m. Jan. 18 in the Circuit Court.

The new route will begin at present Highway 65 bypass and old Highway 65 north of Sedalia and travel south and east to the intersection of Ohio and Pacific just north of the Missouri-Pacific railroad tracks. From Highway 65 the route travels southerly along or near old 65 and Osage Avenue to about North Broadway Street. From North Broadway it cuts southeasterly along a new location to the intersection of Ohio and Clay, thence travels generally south along Ohio to Pacific.

Specifications call for paved 44-foot wide on part of the project and 24-foot on the rest.

Another hearing set

In the meantime, hearing for highway condemnation actions along West Main from relocated Highway 65 east to Grand Avenue has been set for Monday, Dec. 21, at 9:30 a.m. in Circuit Court.

Judge Phil H. Cook, Lexington, is scheduled to preside at the West Main condemnation hearing Monday in the absence of Judge Frank W. Hayes, who has been ill.

### Magistrate Court

Leonard Richard Poindexter, 17, 302 East Johnson, was bound over for Circuit Court trial on a charge of stealing over \$50 after a preliminary hearing in Magistrate Court Thursday morning before Judge Frank Armstrong.

Poindexter is charged in the theft of two typewriters valued at \$200 each from Hubbard High School last week. Police recovered one machine discarded in some weeds and the other after it had been sold for \$5.

Testimony at the hearing was given by Police Sgt. Perry Franklin, the police officer who investigated the case.

Another Negro youth was charged jointly with Poindexter, but he is reported to be in Des Moines, Ia. where local authorities have forwarded a copy of the Pettis County warrant for his arrest. He was still being sought at last report, however.

Poindexter is being held in the county jail in lieu of \$3,500 bond.

### Police Court

William E. Jeffries, 1007 East Sixth, charged with careless and imprudent driving in connection with an accident, pleaded guilty and was fined \$10.

Larry Louis Patton, 1804 East Fifth, charged with running a stop sign, forfeited a \$5 bond.

Robert Wayne Engles, 314 East Boonville, charged with running a stop sign, forfeited a \$5 bond.

Delbert Arnold, 804 West Henry, charged with making a loud and unnecessary noise with a motor vehicle, pleaded guilty. He was fined \$25 and given a suspended 10-day jail sentence.

### Delegates Are Named

COLUMBIA, Mo. (AP)—Three Missourians were named Thursday as International Farm Youth Exchange delegates to spend six months living and working with farm families in other nations.

John Burkeholder, extension youth specialist at the University of Missouri, said those selected are Miss Lynn Hitchings, 20, Bellevue, who has completed two years at Southeast Missouri State College; Miss Norma Ann Hunsicker, 22, Eagleville, a graduate of Northwest Missouri State, who now is teaching at St. Ansgor, Iowa; and Orville Vorhis, Auxvasse, a graduate of the University of Missouri who was host last summer at the Missouri Building in the World's Fair at New York.

Selection of the delegates was made by the National 4-H Club Foundation, Washington. Country assignments have not been completed.

## No Plans To Return To Missouri

ST. LOUIS (AP)—Dr. Harold Lischner, who needed a Circuit Court ruling to get a license to practice medicine in Missouri, has no definite plans to return to the state from Pennsylvania.

In a telephone interview with the St. Louis Globe-Democrat, Dr. Lischner said he expects to stay in academic medicine and teach pediatrics.

"I may come back to Missouri," he said, "but I can't come back unless I have a position there."

Presently, he is U. S. Public Health Service special research fellow at St. Christopher's Hospital for children in Philadelphia. The hospital is affiliated with Temple University.

Dr. Lischner left the faculty of the University of Missouri in 1961 and served on the faculty of the University of Pennsylvania until last year.

He says he pursued efforts to get a Missouri license "both as a matter of principle and as a personal need—I didn't want to be on my record and I thought I might come back to Missouri."

Circuit Judge Sam Blair overruled the State Board of Healing Arts in November, saying the board had no right to deny the doctor the right to practice medicine in Missouri.

The board had found Dr. Lischner failed to prove he was a doctor of "good moral character," saying he went AWOL from a conscientious objectors camp in the 1940s. The AWOL charge against him eventually was dropped.

Archaeologists  
Choose P. Anthes  
To Head Group

Paul Anthes was re-elected president of Big Bend Chapter of Missouri Archaeological Society Dec. 16 at Saline County Courthouse.

Frank Magre, Crystal City, formerly director of Washington State Park of Missouri, spoke on "Petroglyphs of Missouri." For 30 years, Magre has recorded and studied petroglyphs (pre-historic rock carvings) in Missouri. He showed related slides.

Other officers are two Marshalls, Merle Millard, vice president, and Henry Hamilton, secretary-treasurer.

Nominating committee members were: E. Nelson, Sweet Springs, S. Irvine, Marshall, and R. K. McKinney, DeWitt.

Attending from Sedalia were: Mrs. Harry Collins, B. Hatfield, M. Gayheart, V. Gayheart, H. Whiteside and Paul Anthes.

Soybeans, Futures  
Higher In Trading

CHICAGO (AP)—Soybean and grain futures finished mostly higher on the Board of Trade Thursday. Trading was unsettled most of the session and the quietest in some time.

Soybeans started higher with extreme gains ranging to more than two cents a bushel, then dropped back on profit-taking to around Wednesday's close.

Short-covering in the final hour set off a rally and prices ended well ahead for the session.

At the close, soybeans were 1/4 to 1 1/4 cents a bushel higher, January \$2.92-92 1/4. Wheat was 1/4 higher to 1/4 lower, December \$1.51; corn 1/4 higher to 1/4 lower, December \$1.23 1/2 - 1/2; oats 1/4 to 1/4 cents higher, December 70 cts., and rye was 1/4 to 1/4 cent a bushel higher, December \$1.20 1/4.

Zero weather over much of the corn belt is expected to stimulate livestock feeding and this encouraged some buying of corn futures.

FORT WORTH—Firemen search the still burning wreckage of a KC97 refueling plane for bodies after the plane crashed and burned while attempting a landing at Greater Southwest International Airport last night. The Texas Air National Guard plane, based at nearby Hensley Field, was on a routine training mission when the accident occurred. Four men were killed and seven injured in the mishap. Air Force spokesmen said the tanker apparently hit an embankment on a practice approach and this ripped away the landing gear. Flames shot out 300 yards. Pieces of the plane, including its four engines, were scattered across a wide section. The Air Force identified the dead as: M-Sgt. Roy R. Sybert, 33, of Hurst, Tex.; M-Sgt. Robert E. Weeks, 26, of Arlington, Tex.; T-Sgt. Emil J. Trojacek, 29, of Dallas; S-Sgt. Charles W. Elmore, 30, of Dallas. (UPI Telephone)

## Calls System Medieval

# Ouster of Warden, New Prison Asked

ST. LOUIS (AP)—State Rep. J. J. Rabbitt sharply criticized the Missouri penal system Thursday night, called for a new state prison for men and urged the replacement of the prison's warden.

In a draft of a proposed report to the Missouri Legislature, Rabbitt called the penal system "medieval."

Rabbitt is chairman of an interim committee on correctional institutions and submitted the draft for approval of committee members.

The 33-page document, compiled in an 18-month investigation,

## Severe Cold Grips Most Of Nation

December Cold Records Topped In Many Regions

By THE ASSOCIATED PRESS

A severe cold spell gripped much of the nation today, plunging temperatures to below zero in a dozen states and adding snow and freezing rain to stricken areas.

Temperatures were below zero from Washington State to Wisconsin and south to Nebraska. Cold-wave warnings were in effect for a 15-state area from Texas to Ohio to Delaware.

Rain fell along a band from the Texas coast to New England. Freezing rain and snow extended from central Texas through Kentucky to the eastern Great Lakes.

In Montana, ranchers estimated livestock losses in the thousands of dollars and the National Guard helped clear snow-clogged roads.

A herd of 1,000 sheep wandering aimlessly in a blizzard crashed through the ice of a lake south of Miles City, Mont. Montana officials said 250,000 calves and 320,000 sheep suffered through the snow and cold in eight disaster-area counties.

December cold records topped Thursday, with 38-below-zero marks in Butte and Helena. It was 51 below in West Yellowstone, Mont.

Temperatures began a slow rise in Washington State, which has experienced one of its worst prewinter cold spells in history.

The restaurant atop the 600-foot Space Needle used during the World's Fair in 1962 was closed because fire escapes were covered with ice after water pipes burst from the cold.

The Weather Bureau predicted a 4-inch snowfall for the western part of the state and severe freezing rain in other sections.

More than 200 sheep perished in a blizzard in North Dakota Thursday when they jammed up against a fence in 30-below temperature and a driving wind. Some sheep were buried alive.

tion, said conversations with everyone of any authority in the field concludes "from a humanitarian as well as economic perspective, the state penitentiary for men should be abandoned as a penal institution."

The draft quoted a report by a survey team from Southern Illinois University that described the prison as "a bewildering array of physical problems, complicating all custodial arrangements and compounding the cost of prisoner maintenance."

Rabbitt said some of the buildings are old and crumbling and others are ill-adapted units. He offered special criticism of the prison hospital.

He said the prison in Jefferson City should be restricted in its use until it can be closed when a new maximum security prison is built.

Rabbitt cited 212 acts of violence in the prison from July, 1962, through Nov., 1963, and blamed them partly on a "lack of control by the custodial officers."

In recommending the release of Warden E. V. Nash, the legislator called the situation "confused and disorganized beyond comprehension."

The report said Nash should be replaced with "an individual with modern correctional training and/or background." It also urged the salary of the warden be increased from the present \$8,000 a year to \$15,000.

In Jefferson City Warden Nash said Rabbitt's statements are characteristic of a politician who has lost an election. Rabbitt lost a bid for the state senate in the November election.

"It takes more than a few short months to become a penal expert," Nash said.

Rabbitt's report partially blamed James Carter, recently fired as director of the Department of Corrections by Gov. Warren Hearnes, for the alleged situation, but said he is not personally responsible.

The draft called the \$10,000,000 medium-security prison at Moberly an ill-conceived and ill-planned "show place" with expensive class-room equipment although classes will not be available for several years.

Yet, the report said, there is insufficient paint to finish painting the cell houses occupied by the inmates.

## Columbia Post Office Contract Awarded

WASHINGTON (AP)—Awards of a contract to construct a new post office in Columbia, Mo., was announced today.

The Post Office Department said the successful bid was submitted by Ray A. Eckstein and Joseph T. Siemann. They will lease the building to the government for 20 years at an annual rental of \$55,688.

The new building will represent, the department said, an estimated initial investment of \$684,601 by Eckstein and Siemann.

## Plan Missile Modifications Here In 1966

Fourth District Congressional Representative William J. Randall said today that the United States Air Force has plans for future modification of Minuteman missile facilities in the vicinity of Whiteman Air Force Base. Detailed plans and contractual action have not yet been finalized.

"Currently it is intended to establish a site activation task force management office in the area around August of 1965, Randall said. "Contractor manpower estimates can only be preliminary at this time. It appears that about 500 contractor personnel will be involved and 100 to 125 would be hired locally. It is anticipated contractor personnel will be in the area at maximum strength from July 1966 through May 1967."

## National Yule Tree Lights On Tonight

WASHINGTON (AP) — A presidential flip of a switch will set 5,000 red and white lights shining on the national Christmas tree this evening.

The President and Mrs. Johnson plan to attend the program at the tree at 6:40 p.m. EST on the park area behind the White House grounds.

The tree is the center of the "Pageant of Peace," which includes 50 white spruces representing each state, six reindeer from the National Zoo, a creche with life-size figures and a pit for yule-log burning.

The 72-foot national tree comes from the Adirondack Mountains of New York state and is decorated with 200 gold balls.

The executive mansion already shines with the decorations of Christmas, and the Johnsons have had two holiday receptions and plan three more before they leave to spend Christmas at their Texas ranch.

Their official greetings also are beginning to go out in the mail. The greeting cards bear a black and white etching of the White House, with the two oaks planted by the Johnsons this year in the foreground.

## Goldwater Angry Over Burch Drive

Reportedly Says Critics Are Out To Ouster Him

WASHINGTON (AP) — Sen. Barry Goldwater was described by close associates today as saying angrily that the drive against Dean Burch is really aimed at him and critics are "not going to push me out of the Republican party."

The defeated GOP presidential nominee told influential Republicans who talked to him at his Phoenix home recently he is solidly behind Dean Burch, chairman of the Republican national committee. Burch's ouster has been sought by some elements of the party, including a majority of the 18 GOP governors and governors-elect.

Burch returned to Washington Thursday night after a conference in Phoenix with Goldwater and Rep. William E. Miller of New York, who ran for vice president. The national chairman said after the conference he has no intention of resigning before a showdown vote of confidence before the National Committee Jan. 22-23 in Chicago.

Today he turns his attention to a meeting with the party's finance committee to take up the 1965 budget.

## Policy Line Formed By Sewer Panel

Progress on projected improvements at the North Sewage Treatment Plant and the Thompson Hills Shopping Center sewage situation were the main topics under discussion at a meeting of members of the Sedalia Sewer Bond Steering Committee Friday morning.

In connection with the shopping center, the discussion involved drafting final recommendations on the sewage situation to be presented by the committee to the City Council Monday night, to alleviate a sewage problem created by additions at the center, and to provide a policy line to be followed in case of future expansion in the recently annexed area.

It was noted that a spokesman on behalf of E. W. Thompson, developer of the area, had agreed to cooperate fully with the city, and the engineering firm Burns & McDonnell in any future development, by submitting plans in advance to the city engineer before construction begins, to prevent any misunderstanding such as that created when plans to hook a laundromat and car wash facility to the existing sewers were revealed.

It was pointed out that in all developments, the cost of the sewers is borne by the developer, either through creation of a benefit sewer district or by private contract. In either case, the sewers are built or brought up

## Delay Loan Payments To US, Canada

Britain Decides To Postpone Pay On Postwar Debts

LONDON (AP) — Britain announced today postponement of installment payments totaling \$175.8 million—due at the year-end—on postwar American and Canadian loans.

The action was disclosed by Chancellor of the Exchequer James Callaghan in this written answer to a House of Commons questioner.

"The government have decided to take advantage of the deferment provision in the financial agreements dated March 6, 1957, in respect of the 1954 installments and have advised the two governments accordingly."

Under the 1957 arrangement, the British have the right to postpone installments of principal and interest repayments on the loans. These installments then are to be tacked on to the end of the period of the loan, which now runs to 2002.

Britain's seriously adverse trade balance is the reason for the labor government's decision to defer the installments.

The American-Canadian loans for postwar reconstruction altogether involved more than \$4.8 billion.

The United States and Canada are understood to have accepted today's decision. It is the third postponement of interest and principal payments since 1957.

## Butenko Gets 30 Years

# Long Jail Terms In Two Spy Cases

NEWARK, N.J. (AP) — An American engineer and a Russian chauffeur convicted of conspiring to spy for Russia were sentenced to long prison terms today after again protesting their innocence in court. They could have received death sentences.

The engineer, John W. Butenko, was sentenced to 30 years imprisonment on the charge, and drew two five-year concurrent terms on other charges.

A 20-year sentence was imposed on the Russian, Igor Ivanov, on the espionage conspiracy charge. He also was given five years, to be served concurrently, on a second count.

In addition to the main charge, the two were convicted of conspiring to violate the law requiring registration of foreign agents. Butenko also was convicted of acting as an unregistered agent of the Soviet Union.

Prior to the sentencing, by Federal Court Judge Anthony T. Augelli, the defendants were asked if they had any statements to make to the court. Butenko, 39, thanked the court and his counsel and said: "I realize I have been found guilty according to our form of justice by a jury. However, I know I am innocent. I have done nothing to harm the security of the country."

"I just want to ask the court for mercy and clemency," Butenko said. "I hope that someday time will vindicate me."

Butenko's attorney, Raymond Brown, asked the court after the sentencing to set a bail for Butenko, pending an appeal. Augelli denied the motion. Butenko has been in Hudson County Jail without bail since his arrest in October 1963.

Ivanov, 34, who has said he does not speak English, made his statement through an interpreter, a sentence at a time. "I came to this country to work as a chauffeur," Ivanov said. "And I worked here only as a chauffeur...I fully and completely reject the indictment in this case...I am not guilty."

## Learn Two Vagrants Are Jail Escapees

FORT SCOTT, Kan. (AP) — Fort Scott police have learned that two men picked up here for vagrancy are escapees from the city jail at Springdale, Ark.

Howard Eugene Branham, 22, and Daniel Lee White, 19, were arrested Tuesday night. They broke through the roof of the Springdale jail Sunday night.

Police Chief Lewis Robinson said Branham will be taken to McDonald County, Missouri, today to face charges of burglary and parole violation, and White will be turned over to the Marine Corps for desertion.

# Citizenship Honors for Two

Citizenship awards for 1964 have been presented to Miss Lonita Martin, senior, and Kenneth Wright, junior. Presentations were made at the senior high assembly of Smith-Cotton High School. John Arnest, senior student council president, made the presentation.

Cooperation and helpfulness, cheerfulness and courtesy are among the traits required for students to receive the honor. Each quarter, a girl and a boy are selected for recognition and given special pins.

Miss Martin is the daughter of Mrs. Etta R. Spoor, 602 South Montevue. She plans to enter teaching after attending Central Missouri State College, Warrensburg, majoring in secondary education, with emphasis on English and Citizenship. Her extra-curricular activities include: Tiger Tales reporter, two years; Journalism Club, two years; Spiz, two years; Latin Club three years and club reporter for two years; National Honor Society secretary-treasurer; Future Teachers secretary; a former Intramural Plays cast member; reporter for Smith-Cotton for the Sedalia Democrat-Capital.

In addition, Miss Martin is a member of Broadway Presby-

## Push Effort To Unseat Rep. Halleck

WASHINGTON (AP) — The drive to unseat Rep. Charles A. Halleck of Indiana as House Republican leader is gaining momentum, say two members trying to bring it about.

After weeks of backstage maneuvering, Reps. Charles E. Goodell of New York and Robert E. Griffin of Michigan are cautiously, and openly, predicting Halleck's downfall after six years as the GOP floor leader.

"I think there is going to be a change," Goodell told newsmen Thursday night during a break in one of the meetings he and Griffin have been holding with some other Republicans several times daily for the past two weeks.

Goodell added the most likely change would see Rep. Gerald Ford of Michigan taking over Halleck's job when the Republicans elect their leaders for the 89th Congress Jan. 4.

"I hope Ford announces right away," said Goodell. "There is considerable sentiment that he should run."

Ford has resisted all efforts to get him to declare his candidacy. But he also has declined to say he would not run.

With time growing short, if a successful coup is to be staged, Goodell and Griffin indicated they will do their best to get an early commitment from Ford.

"I think we'll have a candidate by early next week," said Griffin. Asked what would happen to the dump-Halleck campaign if they didn't, Griffin shrugged.

The only other Republican mentioned as a possible foe of Halleck has been Rep. Melvin R. Laird of Wisconsin. He is a good friend of Ford and has held back as long as Ford appears interested. But Laird is believed willing to make the fight if Ford doesn't.

## Glenn Lewis Heads Retail Grocers Group

Glenn Lewis was installed president of Sedalia Independent Retail Grocers Association Thursday night at Flat Creek Inn at the annual Christmas party.

The Rev. George Sparling, pastor of Wesley Methodist Church, installed Lewis and the following officers and board members: Bill Cline, vice president; Frank Henderson, treasurer; Dick Gray, sergeant-at-arms; Ernest Goldsmith, chairman of the board.

Directors for two years, Fred Evans, Bud Greer and Leonard Corson; directors for one year, Virgil Corson, Guy Robinson and Joe Rains.

Wives of members, wholesale suppliers and their representatives attended the smorgasbord dinner. Approximately 180 persons were present.

In his invocation, Sparling spoke briefly on "What is Christmas?" Donna Nave provided dinner music at the organ.

Door prizes of food items were given away. The remainder of the evening was spent playing games.

## Circuit Court

The State Highway Commission instituted condemnation proceedings in Circuit Court Thursday signalling a start on another phase of Urban Plan highway work in Sedalia.

This latest phase of the plan will connect North Ohio Avenue with Highway 65 bypass north of the city — a construction project of 1.3 miles.

While the condemnation proceedings filed name a long list of defendants, the work will cross only five separate tracts of land. Hearing on the condemnation action has been set for 9:30 a. m. Jan. 18 in the Circuit Court.

The new route will begin at present Highway 65 bypass and old Highway 65 north of Sedalia and travel south and east to the intersection of Ohio and Pacific just north of the Missouri-Pacific railroad tracks. From Highway 65 the route travels southerly along or near old 65 and Osage Avenue to about North Broadway Street. From North Broadway it cuts southeasterly along a new location to the intersection of Ohio and Clay, thence travels generally south along Ohio to Pacific.

Specifications call for pavement 44-foot wide on part of the project and 24-foot on the rest.

Another Hearing Set

In the meantime, hearing for highway condemnation actions along West Main from relocated Highway 65 east to Grand Avenue has been set for Monday, Dec. 21, at 9:30 a. m. in Circuit Court.

Judge Phil H. Cook, Lexington, is scheduled to preside at the West Main condemnation hearing Monday in the absence of Judge Frank W. Hayes, who has been ill.

## Accidents

Police investigated a two-car accident near the intersection of 16th and Missouri at 4:03 p. m. Thursday.

The vehicles involved, police reported, were a 1960 Falcon, being backed from a parked position on 16th by Ruth M. James, 48, Hughesville, and a 1963 Valiant, driven west on 16th and negotiating a left turn by W. A. Coester, 60, 619 West 23rd.

The left rear fenders of both vehicles were damaged.

## Police Court

Kenneth Allen, 34, 1002 South Murray, was fined \$25 in Police Court Friday morning after being found guilty by Judge Lawrence Englund on a charge of assault with a deadly weapon.

Allen was charged with wounding James E. Harper, 40, Springfield, about 6:35 p. m. on Thanksgiving Day at 1906 South Washington, the home of Allen's parents.

Testimony at the hearing was given by Chief of Police William Miller, Assistant Chief Charles Knapp, who was the first policeman to arrive on the shooting scene, and Officers Ed Laird and Joe Bass.

Harper was married to Allen's 23-year-old sister, Caroline, in Nowata, Okla. The couple had just arrived in Sedalia shortly before the shooting occurred.

Harper was wounded in the groin with a blast from a .410 gauge shotgun, but he recovered.

Allen himself testified last. He testified that no one seemed to be acquainted with Harper and after his sister left Sedalia with intentions of marriage he began to check on the man.

Allen said he learned through Harper's former boss that he had abandoned a truck in Springfield and taken some money. Allen's mother contacted the sheriff at Springfield and found that Harper was married and not divorced, Allen testified.

Harper has since been charged with theft in Laclede County and was returned to Lebanon after his release from Bothwell Hospital last week. Allen's sister, Caroline, has filed petition for annulment of the marriage charging Harper committed bigamy.

Allen testified he intended to hold Harper until the sheriff or some authority could arrive. He obtained the shotgun from his father's car and confronted Harper as he and Allen's sister left the house at 1906 South Washington.

"I told him to hold it," Allen said. "He grabbed my sister and kind of shoved her toward me, but my brother came out on the porch and grabbed her."

"He made a run at me. I mean it's hard to say. The gun just went off."

Police testified Harper was still conscious when they arrived at the scene and Allen was standing over him with the shotgun.

Assistant Chief Knapp quoted Harper as saying, "Kenny shot me, but it wasn't his fault."

Officer Joe Bass took the

David F. Menefee, 1004 South Barrett, charged with careless and imprudent driving in connection with an accident, pleaded innocent and after a hearing the case was dismissed.

F. O. Ryan, Lowry City, charged with parking on the wrong side of the street, forfeited a \$2 bond.

Edward Pinczkowski, 1309 South Kentucky, charged with parking on the wrong side of the street, forfeited a \$2 bond.

## Area Fires

A fire which originated from a faulty flue spread into the attic and caused some \$400 in smoke and water damage Friday morning at the W. F. Elkins farm home, Route 1, southwest of Sedalia.

Pettis County firemen received the alarm by radio relayed from the county jail at 10:48 a. m. while they were battling another blaze.

When firemen arrived at the Elkins place they found the owner had done a successful job in dousing the blaze using only water buckets. Assistant Fire Chief Ernest Carver said, however, that had the attic rafters not been of native lumber the flames may have gained greater headway.

Firemen were at the Harry Wimer farm, Route 3, south of Dresden when the Elkins alarm was turned in. They had responded to a call at 10:20 a. m. after a pump house caught fire while efforts were being made to thaw the frozen pump.

The blaze consumed about one-fourth of the pump house before it could be brought under control. Firemen used one booster line.

Pettis County firemen braved the near zero temperatures Thursday at 7:10 p. m. when they extinguished a brush fire on the Wesley Booth farm, about four miles west of Sedalia on 16th Street Road. No damage resulted.

Booth was notified of the fire by passing airmen.

Pettis County firemen were called to the Louis J. Weller residence, Route 4, at 8:45 p. m. Thursday where the house was reported to be ablaze.

Upon arrival, firemen used one booster line to extinguish a fire on the west side of the structure. Considerable damage resulted to that side.

The cause of the fire was undetermined, however, a heat lamp being used in the bathroom was listed as a possible cause.

to city engineering specifications, then accepted by the city for maintenance.

It was also brought out that at the Thompson Hills Center, present sewers were installed on a temporary basis, with the understanding between the city and the developer, that in case of expansion, a new sewer line must be built. This was outlined in a letter from the Burns & McDonnell firm in March of this year.

When the shopping center applied for a sewer permit to connect the laundromat and car wash, the City asked Burns & McDonnell to make a study to determine whether or not the additions would overload the present line. The report indicated it would, so the city delayed issuing the permit. At a meeting between the contractor, a representative of Burns & McDonnell, the city engineer, members of the steering committee, the mayor and a member of the Council last Friday, a tentative agreement was reached, and the drafting of recommendations was outlined.

The committee's recommendations are as follows:

The builder is to bring the present sewer facilities up to city standards, then the city can accept the sewers for maintenance, on a temporary basis, until the new trunk line can be built.

The developer is to provide easements for the temporary and permanent lines, at no cost to the city. The developer is also to provide land for a temporary sewer lagoon, somewhere on the north side of Highway 50 in the recently annexed area. The lagoon is to be used as a terminal point for the permanent sewer trunk line, until improvements are completed on the State Fair sewer line. Then the line will be hooked into the State Fair line.

The city is to set in motion a plan to

## Ann Landers Answers Your Problems

Dear Ann Landers: I am a widow in my sixties and I am going with a widower the same age.

Last Sunday Zeke and I were out for a drive. He suggested going by his home and opening the windows to air the place out. I said, "Fine."

After Zeke opened the windows he sat down on the couch, untied his shoe laces and said, "It's so comfortable here I don't want to move. Why don't you walk home?"

I thought he was joking because we were at least five miles from my house. I laughed and said, "Oh, stop it, Ezekiel." He replied "I'm not kidding" and took off his shoes. I said good-bye and left.

If you don't think five miles in Cuban hills is exhausting just try it. I arrived home thoroughly done in and half sick.

Two hours later Zeke showed up at my place—furious. He said he never dreamed I'd be that dumb. I asked why he didn't come after me. He said he was sure I was sitting in his car. When he discovered I wasn't, he couldn't find me.

I'd like your opinion on who is the dumb one?—KALAMAZOO.

Dear Kalamazoo: It sounds like a tie to me. Now that you know what a nutty sense of humor he has—act accordingly.

If he's 21—No. If he's 35 he should have been out long ago. Talk to your clergyman.

Dear Ann Landers: Today our son, Charles, and his girl friend drove off for a weekend together. They are both of age and we could do nothing to stop them.

I prayed the mother of the girl would step in at the last moment but I'm sure she considers Charles a good catch and

is eager for her daughter to snag him.

We have not been domineering parents. Charles was an excellent student, attended church regularly and never gave us any trouble—until this girl came along.

My husband feels we should ask him to pack his bags when he returns. Charles has a fine position and could afford to live elsewhere. I'm reluctant to do this, but my husband says we must protest his immoral behavior. We'd like your views.—D. C.

Dear D. C.: You say the boy is "of age." Is he 21 or 35? An extra-marital weekend is out of bounds regardless of age, but that's history now. The question is should you kick him out of the house.

Dear Ann Landers: Whenever my mother-in-law comes to our house she wants to feed our 16-month-old son. Bobby doesn't like vegetables. My mother-in-law is determined to "teach him" to like them. She says, "Look, Bobby—Nonna likes carrots." Then she puts a spoonful of carrots into her mouth, using Bobby's spoon. Then next spoonful goes into Bobby's mouth—same spoon.

I've asked my husband to speak to his mother about this dirty habit. He says I'm too finicky—she did the same with her six kids and nobody died.

Am I a crackpot as my husband says? Or should he say something to her?—BATTILING BERTHA.

Dear Bert: Perhaps your mother-in-law's six children survived in spite of an unhygienic upbringing—an amazing number of kids do.

While most children would not die from sharing Granny's spoon, it is nonetheless an unpleasant habit and if your husband refuses to speak to his mother about it you should.

Hand "Nonna" a second spoon when she feeds Bobby and ask her to please use it.

### Wayward Bus Found

JOHANNESBURG, South Africa (AP) — A wayward bus — London doubledecker type, red and cream paint job — was found 100 miles from home at Klerksdorp three days after vanishing from a downtown terminal. The bewildered city transport manager, G. Ross, theorized it was taken by someone who did not have the money for a train or taxi. A newspaper commented: "This would never have happened if the municipality had stuck to trams" — streetcars.

### May Reopen Mines

MEXICO CITY (AP) — The Real de Catorce mines in San Luis Potosi, producers of 25 million pounds of silver with the primitive prerevolutionary methods of 1765-1912, may be reopened next year and worked with modern equipment, reports President Jose A. Garcia of the Mexican Mining Industry Chamber.

## White Christmas Sunday At Federated

The Federated Church School will present a Christmas program at 9:30 a.m. Sunday under the direction of Mrs. Joyce Freeman.

It's "White Christmas Sunday" at the Federated Church Sunday. Members and friends of the church are asked to bring gifts of food which will be taken to the homes of the sick and shut-ins and the less fortunate. The sermon for Sunday morning will be: "The Everlasting Light."

Mr. and Mrs. William E. Hurlbut will greet the worshippers at the doors. The adult choir anthem will be: "The Shepherds Christmas" by Landon. The combined youth and adult choirs will sing "Silent Night" by

### ADDITIONAL CHURCHES ON PAGE 7.

Grueber. Mrs. Morris Lees at the console of the organ will play as prelude "Memories of Christmas" arranged by Carleton; as the offertory, "Star of Wonder, Star of Light" by Hopkins; as postlude, "Behold, He Cometh" by Dexter. As the Introit for Sunday morning the choir will sing a Christmas Hymn.

Pilgrim Fellowship members, parents and sponsors will go Christmas caroling Sunday evening, leaving from the church at 5 p.m., to the homes of the sick and shut-ins. Following the Christmas caroling, the group will meet in the church dining room. The Mr. and Mrs. Club will serve cookies and cocoa. Because of the Christmas caroling Sunday evening, there will not be any chapel service.

We urge the members of the Federated Church to attend the Christmas Eve Communion service at the Immanuel United Church of Christ, Fourth and Vermont at 7:30 p.m. Thursday, Dec. 24.

## New Hope Christmas Program Sunday Eve

"What's in a Name?" will be the topic of the pastor, Rev. Ted Francis, at New Hope Baptist Church Sunday morning. The choir will present a special number regarding the birth of Christ, with Mrs. George Riecke directing.

The "Christmas Tableau" will be the Christmas program for Sunday night which begins at 7 p.m. There will be treats for the children following the program.

Wednesday at 6:30 p.m. there will be a carol sing at the church. Those who come will leave the church to go Christmas caroling.

## Christmas Heritage, Theme For Sermon

The sermon for Sunday at Wesley Methodist Church, for both the 9 and 11 a.m. services will be titled "Our Christmas Heritage." "White Christmas," food for the needy in Sedalia, can be brought at either service or at Sunday School. "The Birthday for Christ" observance by grades one through six will be held in the fellowship hall and the whole Church School will participate. Sunday evening beginning at 7 the annual Sunday School program will be held in the fellowship hall. Grades one through six will be in charge of the program.

The Junior High MYF will meet at 6:30 Sunday and will have their program on "Music for Christmas," the leaders being Nancy Gray, Janet Norris, and Stephanie Richards. At 7 p.m. they will assemble in the fellowship hall for the Christmas program. At 6:30 the Senior High MYF will leave the church to sing carols to our shut-ins and to deliver as many fruit baskets as possible.

Christmas Eve, Thursday evening, at 10 p.m., Holy Communion will be observed at Wesley Church. It is open communion and visitors are welcome to attend. The service will last about an hour.

Greeters in the narthex this Sunday are for the first service, Mr. and Mrs. Carl Farris, and at 11 a.m. Mrs. Charles Oswald and Mrs. Hattie Postlewaite.

## Rev. Albright Speaks Sunday At Immanuel

"The Wisdom of the Wise-men" will be the theme of the sermon at Immanuel United Church of Christ Sunday by the Rev. M. G. Albright. The junior choir, under the direction of Mrs. Keith Maynard, will sing "The Shepherd's Carol."

A brief congregational meeting will be held immediately following worship services. The Christmas program of the church will be held from 6:30 to 8:30 in the evening. "The Glory of Christmas," will be presented by the young people and adults. Choir rehearsal will be held Wednesday at 7:30 p.m.

Christmas Eve Candlelight Communion services will begin at 7:30 p.m. with Altar Communion being served. Private Communion will be served to the sick and shut-in members from 1 to 5:30 p.m. the same day. Please call the pastor for arrangements.

## Christmas Program At Clifton City Church

The Pentecostal Church of Clifton City will present its annual Christmas program Thursday, Dec. 24, at 8 p.m.

THE CHORAL Division of the Warrensburg branch of the American Association of University Women, shown here, will present a Christmas concert, "Carols of Many Nations," Sunday night at 7:30 at the East Sedalia Baptist Church. The Chorus, under the direction of Mrs. R. O. Yeager, with Mrs. Lewis Shultz as accompanist, was first organized in 1956, and through continuous research has presented annual December concerts of unusual and little known folk tunes from Europe,

Africa, the Americas and the Orient. This year's presentation, which is the seventh annual concert of the group, and their third appearance in Sedalia, features songs from 18 different countries or regions, with such unusual instruments as castanets, finger cymbals, and Congo drums included in the accompaniments. As a special feature of the program, there will be a group of carols arranged for mixed voices, with a chorus of men singers participating.

## Christmas Program Sunday At Broadway Baptist Church

Sunday evening, Dec. 20, at 7, Broadway Baptist Chapel will have a Christmas program presented by the children and youth. Training Union will convene briefly at 6:15 to take their records.

Monday evening at 7:30 the Training Union executive committee will conduct its regular monthly meeting.

Wednesday evening, choir practice will be held at 6:50, followed by a brief prayer service at 7:30. Afterward the group will go caroling and later return to the church for doughnuts and hot chocolate.

A service of "Christmas Meditation" to be held at 9 a.m., Dec. 25, at East Sedalia Baptist Church, will be led by Rev. Poulos, pastor of Broadway.

Rainmakers at it Again

Currently, researchers out in the desert near Yuma, Ariz., are testing small 10x10 foot plots of different types of asphalt and other substances.

The theory is that the blackened ground, baking under the sun, would generate powerful updrafts of air. They would meet incoming moist air from the sea and carry it to great heights where the moisture would condense and fall as rain.

If successful, great barren areas like North Africa, the west coast of South America and much of Australia could be opened up for farming and living. This, of course, would require the laying of asphalt in plots equivalent to 100 square miles instead of 100 square feet.

Man has been tinkering for ages with rain making devices such as ritualistic dances, beating of drums, incantations by savage tribes, shooting bombs into the upper air, seeding clouds with chemicals, etc.

So what's wrong with the gimmick of blackening a desert floor with as-

phalt or some other heat-absorbing material? It just might triple the rainfall in surrounding areas.

Too bad the researchers didn't try Sedalia for their experiment, what with 14 city parking lots, the wide expanse of shopping centers now built and more to come. All of them could be used as ready-made test plots of black asphalt.

But where in sub-zero weather, someone asks, would the heat come from to absorb and generate those powerful updrafts of air?

Well, the source for the heat is already established since city council is incessantly stoked with so many controversial problems such as cable TV, garbage, salary raises, budget problems and employment of an industrial development officer.

This may put the rainmakers in a dark mood but, if the experiment works let it rain, let it rain, let it rain. At least the water department would benefit from that.

THE DOCTOR SAYS

One Man's Remedy May Be Another's Poison

By Wayne G. Brandstadt, M.D.  
Newspaper Enterprise Association

From time to time, persons ask me if we would not all be better off if we eliminated from our diet such items as liver, kidneys and sweetbreads, because these glandular cuts under certain circumstances aggravate arthritis. Or because fats aggravate some diseases of the liver and contribute to hardening of the arteries.

The answer is a flat no. Each of us is an individual and not a model from an assembly line. There are many different diseases of metabolism, but no one individual has a monopoly on all of them. Diabetes is one of them and gout is another. The liver that can make gouty arthritis worse can cure the victim of pernicious anemia, and fats, be they saturated or unsaturated may be needed to build up a person who is suffering from some form of vitamin deficiency.

If everybody cut out all the foods that were harmful to someone, we would all starve to death. There is much truth in the old saying that sauerkraut will cure a German and kill an Irishman. The only thing

that would be worse than cutting out all potentially harmful foods would be for everyone to take all the potentially beneficial drugs that are available. One man's remedy may also be another man's poison.

Q — In a recent column you talked about the treatment of whiplash injury. What is the best method of prevention?

A — Since whiplashes are caused by rear-end vehicle collisions, one of the simplest means of prevention is to make your car clearly visible from a great distance. In some states, this is accomplished by reflector or type license plates. If your state has not yet adopted these, put reflector tape on your rear bumper. This has saved more than one motorist who was unaware that his tail lights were not working.

Head supports behind the front seat are also recommended. When you feel that the car immediately in back of you is following you too closely, signal the driver to pass you. He will be delighted, and you may thereby prevent a stupid accident.

Business Analysis

Some People Can Save By Spending More Money Now

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — A lot of people can save money by spending more right now. The money will be saved in taxes. The money spent must be for the right things, in the right way: charitable contributions, doctor bills, interest due, state and local tax bills due.

If you're in love, you could save tax money by getting married before New Year's Day. If you're moving to a new job in another town and the costs are up to you, you might save by transferring now rather than waiting to celebrate the New Year with your present neighbors.

Or you might save in the long run by the money you don't take in right now — by delaying to mail bills, or to dun people for interest due, or to cash in those paper profits to get money for the holidays. You might save by admitting you picked some sour ones this year in the stock market and selling the stock and taking your loss — now, not sometime next year.

These possibilities arise because the federal income tax rates, which were cut on 1964 incomes, go down another notch in 1965. In 1963 the tax brackets ran from 20 per cent to 91 per cent. This year you pay from 16 to 77 per cent depending on how

much income is subject to tax. The drop next year isn't that steep, but it's still something to consider. The 1965 rates will range from 14 to 70 per cent — and Congress could always get still more generous.

So you'll pay less on the same amount of income next year. Therefore, any deduction this year will mean more money left over after taxes. And any income that can legally be put over till next year will be subject to a smaller bite from the U.S. Treasury.

Many people can't do much about it. But many can. And here are some of the possibilities:

Study your profit and loss sheet. Time is growing short. If you have paper losses on stocks or other investments, you can take the loss and use it to offset any capital gains up to \$1,000. And under the new law, losses above \$1,000 taken now can be carried forward to future years.

You may want to take profits now if you're among the really lucky one sure of much higher income next year that will be pushing you into a higher bracket than you're in now.

Pay all the bills now that are deductible — doctors and dentists, taxes and interest due this year. Don't put it off till next year just because your creditor is lenient.

Remember, under the new law, contributions to all public charities are now allowed as deductible up to 30 per cent. This actually cuts the cost to the giver by the amount of tax saved — and the saving will be more under this year's tax rate than next.

Some people may be working at cross purposes just now. Some will be anxious to pay bills by Dec. 31, while others may want to delay sending such bills till January, so the receipts will be subject to the new rates.

Weddings may cost the father of the bride plenty. But the bridegroom will get another exemption, plus a lower assessment schedule.

Hunting With Hi-Fi

There used to be an old joke about a couple of city fellows and their experience with mosquitoes when they were out in the woods. Darkness had fallen and one of them spotted a lightning bug. "Let's get out," he yelled. "They're coming after us with lanterns!"

It was something like that on a sporting goods page in one of the new fall mail order catalogs. Hunters can now obtain a portable record player which works on batteries and can broadcast a hi-fi sound three miles. Records are practically guaranteed to bring game, from rabbits to deer, right up to the nose of the shootin' iron, in states which allow hunters to use the device.

That's carrying ingenuity even further than those mosquitoes did.

Reynolds' Charges Unsubstantiated

By DREW PEARSON

WASHINGTON — The closed door testimony of Don Reynolds in the Bobby Baker case has not been made public, but it has had FBI agents scurrying all over the place trying to check on his sensational charges.

Reynolds let loose some eye-poppers when the press and public were barred, but so far investigation of his charges has led only to dead ends.

Here are the most tantalizing accusations Reynolds made in the secret session:

Eye-Popper No. 1 — He testified that a vice president of an aircraft company, delivered \$100,000 in a brown bag to Bobby Baker as the "pay-off" for a fighter-plane contract. The company joined with another one to present the winning bid.

After the money was delivered, Reynolds testified, Baker told the official that, "The big boy wants to see you," and took him in to see Lyndon Johnson, then vice president.

A thorough investigation by the FBI hasn't produced a shred of evidence to back up Reynolds' story.

Eye-Popper No. 2 — Reynolds charged that American Telephone and Telegraph had arranged for its executives to contribute to Lyndon Johnson's campaign and collect a rebate from the company disguised as "expenses."

The FBI found the company has encouraged its executives to contribute to the candidate of their choice but had made absolutely no offer to reimburse them from company funds.

Eye-Popper No. 3 — Reynolds claimed that the famous Hi-Fi set which he gave Bobby Baker for LBJ was delivered to Johnson's residence in a General Services Administration truck.

This, too, has been disputed by everyone concerned.

Sex and VIP's  
Reynolds' favorite tales, however, have to do with the sex foibles of Washington

ORLANDO (Fla.) SENTINEL: Who Is Poor?—How little money must a man have in this country to be poor? The experts in Washington figure it at about \$3,000 a year.

But over in Cocoa the other day a man showed up who said he had lived on \$300 last year. He used to be a construction worker, but his health failed and so he decided to travel.

He figures that during the past 13 years he has walked over 57,000 miles covering 48 states. He lived on what he could make doing odd jobs here and there.

"Walking cured my stomach trouble," he says, "and besides I've seen the entire country. I only had a seventh grade education but I've met a lot of people and I've learned a lot."

Don't Read This

"While millions of Americans are tossing and turning in their beds, a growing legion of slumber mongers are making hay peddling pills, powders, drinks and devices designed to wring cash from the sleepless."

The warning is voiced by an article in Today's Health, the magazine published by the American Medical Association.

Not all the nostrums are valueless, the article points out. Some may actually be helpful in cases of mild insomnia. Unfortunately, it is those people suffering from chronic insomnia who most desperately clutch for any promised relief and who are helped least.

As an example of this exploitation, one antihistamine-aspirin preparation for relief of hay fever costs about \$1 for 30 pills. A similar preparation sells for twice as much when ballyhooed as a sedative.

This is higher than a person would pay for a much more effective prescription drug his doctor could recommend for him.

Enough to keep you awake nights, isn't it?

LBJ's Brand On The Presidency

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON — — Lyndon B. Johnson's years in the presidency may have a profound effect on how that office is handled for years to come.

He is different from any man who has held the office in this century. He is a political manager who reached the top.

As President he has to assert leadership, often perhaps in a cold way, but his training and his career have been that of a manager, which does a lot to explain his performance so far.

As Democratic majority Senate leader from 1955 until 1961 he had a chamber full of men who, as always to a large degree, were temperamental and egotistical, with their own prejudices and special political interests.

He knew them all well because he pays astonishing attention to detail. As a result he knew what had to be done, or left undone, to get a piece of legislation through. His job, as he saw it, was to get results. He got them.

He didn't do it by browbeating, if he could help it, for his policy was to avoid conflict if he could. He knew an enemy he made today on a particular bill might come back tomorrow to haunt him.

What he did most of the time was to appeal, soothe and compromise. This meant he often had to settle for less than all he wanted. But he kept the wheels turning so well and smoothly he has been called the best Senate leader in this century.

His whole performance is based on tireless dedication to the job. He works at it long hours daily. It would be extraordinary if his personality and his methods changed now. They are not likely to, as he revealed to newsmen this week.

He let it be known he will work for results while trying to avoid heady conflicts, here or abroad.

His dream boat may capsize, due to circumstances he can't control, and in the end he may find himself a sorely embattled president, like many before him.

If he is highly successful the presidents coming after him probably would be inclined to use some of his methods, thus making the job less individualistic and more managerial.

If his methods fail, his successors will ignore Johnson's tactics and go on trying to adapt themselves to the presidency in their own way, which is what Johnson's most recent predecessors have done. A glance back shows how.

President Kennedy brought to the White House a great gift which Johnson perhaps never can match: Grace and charm and an intellectual interest and aliveness long lacking in the presidency.

But in handling Congress he was an amateur compared with Johnson. He never learned how to manage Congress well enough to get his major programs through, like a tax cut and civil rights. Johnson got them through in his first seven months.

Historians may decide President Eisenhower's greatest contribution to the job was that of a calming influence. Through public confidence in him and his

own placidity, he steered the country back to sanity from the neurotic divisions over McCarthyism and suspicions about Communism.

But his Secretary of State, John Foster Dulles, was his foreign policy guide and if it hadn't been for Johnson's mastery and good will in a Democratic-run Congress, Eisenhower's achievements through Congress probably would have looked sick.

President Truman had a horumoon with Congress for only a few months after taking office. Thereafter it was unceasing conflict, particularly with

the Republicans. They never gave him the cooperation Johnson gave Eisenhower.

But Truman was a tremendous, aggressive leader, particularly in foreign affairs. It is no wonder historians rate him among the top presidents. It remains to be seen whether, in this vital role of leadership, Johnson can approach him.

Managing, without inspiring leadership, may not be enough, and probably won't be. Presidents Franklin D. Roosevelt and Wilson were truly leaders but in dealing with Congress they were often poor managers, Wilson disastrously so.

Too Much Powder?

By Polly Cramer,

DEAR POLLY

— When I empty a new box of face powder into my powder jar, my puff always gets too full of powder. Now I keep an extra puff on top of the powder and turn it

over now and then. I rub the top puff over the lower one before I use it and get just the right amount of powder each time.

If you knit or crochet, do make use of your old nylon slips. Cut the slips into round strips just as the nylon stockings are cut. They can be dyed any color or mixture of colors and be used for making table mats, rugs and so on.

Nylons will stay much whiter if they are washed twice during each laundering. The reason is that nylon sheds dirt so easily we rinse the soap out before the material is really clean. Wash and rinse just as usual, then wash once more. See the difference. Personally, I like pure soap better for nylon but alternating soap and a detergent every so often work well.

—MRS. J. A. B.

DEAR POLLY — Gone is the fuss and bother of trying to find the ballpoint pen in my purse. I fasten a not-too-large safety pin near the top of the bag lining and the pen clips over the exposed part of the safety pin.

—MRS. C. F. S.

DEAR POLLY — To muffle the sound of the doorbell when a person is ill in the house or when someone is sleeping, cut

a finger from an old rubber glove and slip it over the hammer of the bell.

To keep a kerchief on your head on a windy day, tie it and put the ends into the first buttonhole of your coat or jacket.

The Little Lord Jesus was smiling. "Would you care if I left my scarf to keep Him warm?" Dov asked. "You would be cold," replied Mary. "I'd like to," said Dov. "Very well," said Mary. "He thanks you."

"Father," said Dov. "We have seen the Saviour." "We have," the father replied. "God be praised."

## Holy Communion Sunday At Our Savior

Our Savior Lutheran Church on West Highway 50 will celebrate Holy Communion Sunday at 9 a.m. There will be a special Confessional Service at 8 p.m. Saturday to assist the communicants to prepare themselves for the Blessed Sacrament. Rev. Sackschewsky will preach on "Believing Is Not Seeing" for the Fourth Sunday in Advent.

The Sunday School children of Our Savior will present a special Christmas Eve service Thursday at 6:30 p.m. The theme of the service will be "On Earth Peace." The angel's message will be proclaimed by Bob Wheeler and Gordon Jahn. Mary and Joseph will be Carolyn Thomas and Ross Raabe. The shepherds will be Dennis Boehne, Steve Wheeler and Gordon Sparks.

The children will rehearse Sunday at 11:15 a.m. after Sunday School and again Wednesday evening at 6:30 p.m.

Our Savior congregation will go Christmas caroling Sunday evening at 6 p.m. They will meet at the church and then sing at a number of institutions in Sedalia.

The Walther Leaguers will meet after the Christmas caroling. Carol Jahn will have the opening devotion. The topic for the evening will concern itself with social welfare. Roger Kahle will furnish refreshments.

A special Christmas Day service will be conducted at Our Savior at 9 a.m. Rev. Sackschewsky will preach on "It Happened in Bethlehem." The congregation will also join in singing a number of old Christmas favorites.

## Faith Baptists To Observe Christmas

"Immanuel: God With Us" is the topic of the Christmas Sunday sermon at the Faith Baptist Church, 2331 South Ingram. The choir will present "O Holy Night," and special music will be brought by Mrs. Kenneth Keele and Mrs. Harold Ryan singing "No Room in the Inn."

In the evening at 7 the Christmas program, "Christmas Is Remembering," will be presented. "Christmas Giving" is the theme of the nursery and beginner departments. Presentations on "The Christmas Tree" and "Christmas Carols" will be given by the primary and junior department respectively. The program was written by Mrs. Roger Martin.

Immediately following the Christmas program the church choir will present major selections from the Christmas cantata, "Night of Miracles," by John Peterson. Vocal ensemble and solo numbers will be included in the cantata. The choir is directed by Mrs. Martin. Mrs. Leah Sinn and Carol Sue Ryan will accompany on the organ and piano. The pastor will then speak briefly on "Christmas Names of Christ," and Christmas gifts and goodies will be given out to all of the children present.

This Saturday evening at 7 the young people of the church will have a party in the church basement. At the close of the evening's entertainment a film, "The Professor and the Prophets," will be shown.

## Mt. Herman Plans Christmas Program

Mt. Herman Baptist Church will present its Christmas program Sunday evening at 7:30 p.m. Practice will be held Sunday at 2 p.m.

The Rev. Warren Green will speak on the topic "God's Time-table is on Time" Sunday morning at the worship hour.

A Christmas party for the Young Married People will be held Saturday night at 7 p.m. at the church.

Monday evening the church will visit Buena Vista for carol singing.

Wednesday evening prayer service at 7:30 p.m.

## East Christians To Hear Pastor Speak Sunday

The sermon topic chosen by Cleo Gray for the Sunday morning worship hour at the East Broadway Christian Church is, "Wise Men Seek Jesus."

The processional song by the choir will be, "O Come All Ye Faithful." The prelude will be a piano and organ duet with Mrs. Earl Leaton at the piano and Miss Catherine Garman at the organ playing, "Star of the East." Miss Garman at the organ will play as offertory, "The Birth of a King" by Neidlinger; and as postlude, "A Christmas Postlude," which is a medley of Christmas carols, by Stickles. The choir will sing as special numbers, "Wind Through the Olive Trees" and "Hail, Immanuel" under the direction of Mrs. Leaton.

The annual Christmas program will be presented Sunday evening at 7:30 with Mrs. Hazel Roe as general chairman. The Nursery Class with Mrs. Hazel Roe, teacher, will present, "Getting Ready for Christmas," and Linda Petree will sing, "When Christ Was Born." The Wee Wiggles, Doris Roe teacher, will recite the poem, "Baby Jesus," and sing with Primary 1 Class, Mary Gardner teacher, "Away In a Manger." Primary 1 will also give the meaning of the spelling of the word Christmas.

Primary 2 Class, Mrs. Hoffert teacher, will give the poem, "The Good News." The Primary 3 Class, Lissalou Fowler teacher, and the Junior Class, Ruby Gray teacher, will present the poem, "On Christmas Eve." The Christmas drama, "Under the Chimes Rang," under the direction of Danny Curtiss, will be presented with members of the intermediates, Dixie Cardwell teacher, the Teenage Class, Marion Meyers teacher, and the High School Class, Danny Curtiss teacher, taking part. The classes will sing carols during the drama. There will be different groups of girls singing special songs and Linda Curtiss and Karen Miller will sing a duet.

There will be a practice session for the Christmas program Saturday afternoon at 2. The teachers will have their Christmas party for the children afterwards. There will also be a practice Sunday afternoon at 1:30.

# No Successor Yet For Hardin; Scovil Could Have Inside Track

ANNAPOLIS, Md. — Navy answered one question Thursday with the dumping of Wayne Hardin as head football coach but left unanswered the name of his successor.

Doug Scovil, administrative assistant to Hardin and coach of the Navy quarterbacks, was believed to have had the inside track for the job and still may have.

But the Naval Academy, shaken by the publicity over Hardin's obviously forced resignation in a personality clash with superiors, appeared in no hurry to designate the new mentor.

Capt. William S. Busik, director of athletics, said candidates would be interviewed during the next several weeks and would include any from outside the academy as well as those on the present staff. An announcement will be made after the first of the year, he said.

It is believed an insider would have the edge if for no other reason than the job now carries a collateral administrative post in the Navy athletic recruiting system, which the present staff is familiar with. The additional job was written in for Hardin in a new five-year contract signed last Feb. 18.

Hardin's case also raised a question as to what a five-year contract means at Navy. Capt. Busik said all academy contracts are open to renegotiation each year, regardless of length. The renegotiation of Hardin's led to his ouster.

Hardin, resisting dismissal, found he did not have the contract he thought he did. It was believed that the final settlement worked out with lawyers paid him not much more than a year's salary of the four remaining at \$19,000 annually on his contract.

Both the 37-year-old coach and Busik, speaking for the academy's Athletic Board of Control, referred to it in separate prepared statements as a "just" and "mutually-satisfying" settlement. But it was known Hardin was not completely satisfied.

Hardin formally resigned after 10 years at the academy as an assistant and head coach with the reasons still left to speculation.

The best guesses were that the coach and Capt. Busik, now completing his third year as athletic director, just didn't hit it off personally although publicly their relations appear cordial.

Hardin's recent losing season of 3-6-1, including his first loss to Army in his six years as head coach, also didn't enhance his position any when it came around to discussing his future.

## Score Three Goals Within 59 Seconds

By THE ASSOCIATED PRESS

The way that red light kept going on in Detroit's Olympia Stadium, the fans who had come to see a National Hockey League game between the Red Wings and the Boston Bruins might have thought the goal judges were trigger happy.

But those three goals inside of 59 seconds of the second period were all legitimate and the two scored by the Bruins helped Boston to a 5-3 victory. In Wednesday night's other NHL game, Montreal rallied with two third period goals and tied Toronto 2-2.

## Rhyme Will See Action 'Indoors'

By THE ASSOCIATED PRESS

The first major bowl game ever staged indoors and the passing arm of Jerry Rhyme, chosen the outstanding back of the year in the Associated Press' poll, highlight Saturday's post-season college football action.

Defense-minded Utah and West Virginia meet in the Liberty Bowl which will be played in Atlantic City's Convention Hall. Rhyme, who set 17 collegiate offensive records, leads Tulsa against Mississippi in the Bluebonnet Bowl at Houston.

Utah, co-champion of the Western Athletic Conference, had the sixth best defense against scoring in the country this season, permitting just 6.2 points a game. The Utes picked off 23 passes, seven by safety C. D. Lowery.

That aerial defense figures to get a stern test from West Virginia's Allen McCune, who piloted the Mountaineers to a 7-3 mark and the Southern Conference title, after they had split their first four games.

McCune, who took over in the fifth game, completed 60 of 99 passes for 10 touchdowns. When it comes to passing, though, it will be Johnny Vaughn's Mississippi Rebels who figure to have their hands full Saturday. They will be up against the collegiate passing champion, Rhyme of Tulsa, in the Bluebonnet classic.

Rhyme, with Howard Twilley doing most of the catching, sparks one of the most pass-minded offenses in the country.

Mississippi allowed 10 opponents an average of 115 yards per game through the air and nine of the 14 touchdowns scored against the Rebels came in passes.

## Little Kids To Meet Big Bad Wolves In Basketball Tourney

LEXINGTON, Ky. (AP) — Kentucky's nationally eighth-ranked little kids play host to three big bad wolves tonight and Saturday in the University of Kentucky Invitational, the nation's richest holiday basketball tournament.

Unranked Illinois, Dayton and West Virginia carry winning records into the 12th annual tourney. Illinois meets Dayton at 7:30 p. m. EST and Kentucky plays West Virginia in the second game.

The championship and consolation game are Saturday. West Virginia is 5-1, Illinois 4-1, Dayton 3-1.

Kentucky's Adolph Rupp carries a 3-1 record "and probably the most inexperienced team I've ever taken into a unit."

## Rick Barry May Realize Goal As Top Scorer

NEW YORK (AP) — Rick Barry, the New Jersey youth from Roselle Park who went south to play basketball for the University of Miami Hurricanes, is off to a good start toward his goal of becoming college basketball's No. 1 scorer this season.

Barry scored 55 points in Miami's opening game against Tampa, then reeled off 171 more against Duquesne, Pitt, LaSalle, Niagara and St. John's of New York for 226 points in six games.

This gave Barry an average of 37.7 and the top spot in the first weekly statistics released Thursday by the National Collegiate Athletic Bureau for games through Dec. 12.

Mays finished with a .607 mark on 351 total bases in 588 times at bat. The Giants' star also won the title in 1954, 1955 and 1957.

Mays collected 21 doubles, nine triples and a league-leading 47 homers among 179 hits in 1964. He also extended two NL records, highest career slugging average, .589, and most consecutive years, 300 or more total bases, 11.

Ron Santo of the Chicago Cubs was second in slugging average with .564. He was followed by Richie Allen of Philadelphia .557, Rico Carty of Milwaukee .554, Frank Robinson, Cincinnati .548, Orlando Cepeda, San Francisco .539, Billy Williams, Chicago .532 and Hank Aaron, Milwaukee .514.

## Tunnell Will Miss Indoor Track Season

COLUMBIA, Mo. (AP) — Ross Tunnell, Missouri high jumper, will miss the indoor track season because of an injured knee.

Tunnell, the Big Eight indoor champion two years ago, tore a ligament in the knee during an intrasquad meet Thursday. He had an operation on the same knee last spring.

## Willie Mays Has Slugging Title In N. L.

CINCINNATI (AP) — Willie Mays, San Francisco's hard-hitting outfielder, captured the National League slugging championship for the fourth time last season, the official averages disclosed today.

Mays finished with a .607 mark on 351 total bases in 588 times at bat. The Giants' star also won the title in 1954, 1955 and 1957.

Mays collected 21 doubles, nine triples and a league-leading 47 homers among 179 hits in 1964. He also extended two NL records, highest career slugging average, .589, and most consecutive years, 300 or more total bases, 11.

## Boston, Buffalo Meet Sunday

BOSTON (AP) — Buffalo and Boston come down to the wire Sunday in a big game for all the marbles in the Eastern Division of the American Football League. Buffalo, with a half-game edge, can clinch a Dec. 26 title date with San Diego by a win or a tie. Boston must beat the Bills to become the division champion.

After a sensational nine-game winning spree that carried them up to their first meeting with Boston as the only unbeaten team in pro football, the Bills have lost two of their last four. Boston snapped the string with a 36-28 victory, and Oakland also upended the Bills two weeks ago.

Because Boston will be playing at home and also because Coach Mike Holovak has beaten Buffalo in six of seven games, including a tie playoff last year, the Patriots are slight favorites.

Boston came from behind to win the first game with Buffalo Nov. 15, scoring 15 points in the last period.

With the NFL season over, we go into the last week with a 70-51-9 record, 38-34-6 for the NFL and 32-17-3 so far in the AFL. There is nothing at stake in the other three AFL games Sunday, but let's give it a try:

## AFL

Boston 20, Buffalo 17 — Capelletti's field goals decisive in bitter struggle between fierce rivals. Absence of Booker Edgerson leaves gap in Bills' corner defense. Much depends on the weather and he ability of Pats to close down on Gilchrist again.

Kansas City 35, New York 14 — Jets keep record intact of not winning a road game all season. Oakland 21, San Diego 14 — Raiders want to get even for early 31-17 beating, hoping to salvage something from poor season. Chargers may be too busy looking ahead to next week's game with Buffalo-Boston winner to pay much attention to Al Davis' gang.

## Sedalian Among Students Who Receive Letters

Members of the William Jewell College championship football team were awarded letters recently at the annual football banquet.

William Jewell, a liberal arts college at Liberty, Mo., won the Missouri College Athletic Union crown for the third consecutive year with a 4-0 league slate and a 6-3 combined record.

Seniors receiving letters were Dan Marcum, captain, Raytown; Charlie Case, captain, Liberty; Ray Ritchey, Liberty; Rich Herz, Liberty; Marion Blair, King City; Steve Thomas, St. Louis; Lonnie Oberkrom, Liberty; Dan White, LaPlata; Don Flanning, Liberty; Bill Milten, Liberty; and Tom Morgan, manager, 920 East 16th, Sedalia.

## See No Deliberate Efforts To Injure

NEW YORK (AP) — National Basketball Association players aren't going out of their way to hurt one another this season. That's the essence of a report of the NBA referees released by league President Walter Kennedy.

The 10 referees conferred with Sid Borgia, supervisor of officials, at their annual mid season meeting and Kennedy's statement followed. Ben Kerner, owner of the St. Louis Hawks, and Jack McMahon, coach of the Cincinnati Royals had been critical of roughhouse tactics they said were endangering players.

"It was the consensus of the staff," Kennedy said, "that the injuries sustained were the primary result of the fast-moving nature of the highly competitive games played thus far."

## Bulldogs Lose 82-75

# Iowa State Chills Drake In Cage Tilt

By THE ASSOCIATED PRESS

The temperature was below zero outside but it was as nothing compared to the chill Iowa State put on Drake in a basketball game at Ames Thursday night.

The Cyclones of the Big Eight came up to the encounter with nothing but losses—five of them.

Their long-time rivals from Des Moines, co-champions of the potent Missouri Valley Conference last season, carried a 4-1 record into the game.

Iowa State's prescription for the cold and the Bulldogs was a switching defense and a red hot 65 per cent shooting average in the first half. The remedy produced an 82-75 victory.

In a quieter battle between two other teams of these intermingled conferences, Cincinnati beat Kansas 76-72 at Cincinnati.

This was a case of a giant, 6-8 Ron Krick, outshooting a taller one, 6-11 Walt Wesley. It was two field goals Krick shot over Wesley's head that finally pulled Cincinnati into the lead for the first time in the second half, and he sank two more to provide most of the six-point margin Cincinnati carried into the final minutes.

Krick had 22 points, and Wesley made 19 before he fouled out. Both had five rebounds. John Rolfe and Gene Smith had 16 apiece for Cincinnati. Del Lewis had 19 for Kansas and Al Lopes 18.

In other games involving Missouri Valley teams: Princeton's All-America Bill Bradley scored 34 points for the benefit of hometown fans from nearby Crystal City, Mo., but tenth-ranked St. Louis shackled him in the first nine minutes of the second half and beat the Ivy League Tigers 90-71 at St. Louis.

Bradley won its fifth of the season, without a loss, by beating Utah State 75-69. Tom Campbell and Ernie Thompson had 17 points apiece for Bradley.

By winning three of the four games on their schedule, Missouri Valley teams ran their record to 28-10 against outside opposition in the early season campaigning. St. Louis is 4-1 and Cincinnati 3-1.

The Big Eight record against non-conference opponents is 23-20. Kansas is 3-3.

Kansas State opens a three-game invasion of the West Coast tonight at Washington. Nebraska is at Texas and Oklahoma State is in the Vanderbilt Tournament at Nashville.

North Texas State will be the only Missouri Valley team in action, entertaining Howard Payne at Denton.

It was the eighth straight win for the junior club this year. They have not been defeated in their last 15 outings.

# Three MIAA Squads Win Cage Contests

By THE ASSOCIATED PRESS

Three MIAA basketball teams won non-conference games Thursday night.

Kirkville State needed an overtime session to beat Quincy, Ill., 77-68 at Kirkville. Rolla edged Bethel of Tennessee 81-79 at Rolla, and Springfield State trounced Pittsburg State 98-68 at Springfield.

In the MCAU, Drury defeated Missouri Valley 90-78 at Springfield, and Westminster broke independent Evangel's 10-game winning streak 66-62 at Fulton.

Kirkville's Wayne Clinton, who tallied 31 points, tied the score at 63-all with a jump shot with five seconds left in regulation time. Dewey Kalmer hit two quick baskets for Quincy as the overtime started, but Kirkville then poured in 14 points to make it a runaway.

Rolla spotted Bethel a 13-point lead but caught up 38-all at the half. Ralph Farber, who made 26 points for the Miners, broke a 70-70 deadlock and Rolla kept its slim lead the rest of the way.

Springfield State hit 40 of its 73 field shots for 55 per cent in running over Pittsburg. Although the Bear regulars rested most of the second half, Jim Gant counted 23 points and Dale Mathes 22. The hot shooting overcame Pittsburg's 57-39 edge in rebounding.

Drury, with Jerry Byrd getting 33 points, knocked Valley out of a four-way tie for first place in the MCAU. The 6-6 Byrd dunked 14 of 27 shots, mostly from the inside.

Westminster got its first lead over Evangel at 55-54 with 4:22 left on a shot by Andy Michel, who then hit three more to keep his team on top. Evangel had won 10 straight after dropping its opener.

Tonight's schedule has Martin College of Tennessee at Cape Girardeau State; Warrensburg State vs. Panhandle of Oklahoma at Warrensburg; William Jewell at Emporia State, and Park at Tarkio.

### Day For Travel Is Day Of Rest For The Celtics

By THE ASSOCIATED PRESS

At the pace the Boston Celtics are moving in the National Basketball Association schedule, a travel day has become a day of rest.

The weary Celtics got that day of rest today while moving on to St. Louis for a Saturday night meeting with the Hawks, their fourth game of the week.

Boston had its seven-game victory string snapped Thursday night by the Knickerbockers in the "neutral" Rhode Island Auditorium in Providence. The Knicks beat the Celtics 113-112 for their first victory over the defending champions in five meetings this year.

Len Chappell scored three points with 32 seconds remaining to put New York ahead 111-110. And then a home town hero, Johnny Egan, combined with the veteran Tom Gola to pull off a typical Celtics' tactic, a steal, and Gola fed Egan for the basket that iced the verdict.

### Bank Robber Flees Leaving \$5 Behind

NEW YORK (AP) — The Manufacturers Hanover Trust Co. is \$5 richer today because a man tried to rob one of its Manhattan banks.

The would-be robber put a \$5 bill on the counter of teller Agnes De Martini Thursday and handed her a note reading: "This is a stickup. Give me all the money. Don't try to be a hero."

"Stickup!" screamed Miss De Martini.

The robber fled, minus his \$5.

### Benedictine Priest Dies During Surgery

DENVER (AP) — The Rev. Paul Bernard Kelley, 34, a Benedictine priest at Elkhorn, Neb., died Thursday during heart surgery in St. Joseph's Hospital.

The Rev. Mr. Kelley was prefect of discipline and a professor at the seminary of Mt. Michael Abbey in Elkhorn.

His body will be sent to Conception, Mo., for pontifical high mass of requiem and burial.

A sister, Mrs. Cathryn Foley, resides in Denver.

### Opposition To Merger Of Railroads

CHICAGO (AP)—Opposition to merger plans of the Union Pacific and the Chicago, Rock Island and Pacific Railroads has been expressed by four western railroads.

The four who announced opposition Thursday are the St. Louis-San Francisco Railway; the Chicago, Milwaukee, St. Paul and Pacific; Missouri Pacific; and the Denver and Rio Grande.

The St. Louis-San Francisco said it has asked the Interstate Commerce Commission to be allowed to intervene when hearings are held on the merger proposal. Presidents of the other railroads said they also would seek to intervene.

L. W. Menk, president of the St. Louis-San Francisco, said a Rock Island-UP merger "could result in diversion of important revenue producing traffic away from the Frisco."

A. E. Stoddard, president of UP, called the plans to seek intervention "routine procedure." He said UP has "discussed the matter at some length with the heads of various railroads planning to intervene and agree that it is perfectly proper for them to do so."

The Chicago and North Western said it would not engage in a proxy fight against the merger proposal, but would attempt to inform Rock Island shareholders that the merger would face opposition. The C&NW itself seeks control of the Rock Island.

Rock Island officials would not comment. Shareholders are scheduled to vote Jan. 7 on the plan for merger with UP.

Downing B. Jenks, Missouri Pacific president, said studies have shown the merger would have a "most adverse effect on our revenue and traffic."

The president of the Denver and Rio Grande Western, G. B. Aydelot, said he would prefer a merger of the Rock Island and C&NW over the proposed UP-Rock Island combination.

Ben W. Heineman, chairman of North Western, said he would urge Rock Island shareholders to reject the UP merger, but would not solicit proxies to enable North Western to vote on the proposal.

William Quinn, Milwaukee Road president, said his railroad would oppose the merger with "every resource at our command."

## Miss Judy Williams is Bride Of Mr. Paul Cordray Nov. 8

The marriage of Miss Judy Williams, daughter of Mr. and Mrs. Harry Brodersen, Ottumwa, and Mr. Paul Cordray, son of Mr. and Mrs. Ray Cordray, Canton, Ohio, took place at seven o'clock Sunday evening, Dec. 8 at Seventh Day Adventist Church, Sedalia.

The Rev. Paul Curtis, Columbia, performed the ceremony before an altar centered with two seven branch candelabra decorated with myrtle foliage and two large baskets of yellow gladioli, yellow and bronze chrysanthemums. White satin bows marked family pews.

Mrs. Walter Castle, Ottumwa, played traditional wedding music at the organ. She accompanied Miss Sandy Brown, Columbia, as she sang "Because," "Always" and "The Lord's Prayer," the latter, as the couple knelt at the altar.

Candles were lighted by Miss Sandy Petersen, Ottumwa, and Miss Patricia Meyer, Sedalia. They wore dresses of pale blue brocade taffeta. Their wrist corsages were of yellow carnations. They wore matching blue brocade headresses.

Escorted to the altar and given in marriage by her father, the bride wore a wedding gown of silk mist taffeta. The molded bodice was designed with an oval neckline and long tapering sleeves. Flower garlands of pearl trimmed Belgian lace framed the neck and were applied in a long spray on the skirt front. The controlled fullness of the belled skirt was achieved by unpressed pleats, released at the sides and back with a butterfly bow and streamers above a wide sweep train.

A crown of pearls held her short pouf veil of silk illusion and her flowers were white carnations with small pink roses, adorned with white net and tied with wide satin and lace bow and streamers.

Mrs. Arthur Petersen, Ottumwa, sister of the bride, was matron of honor. They wore a street length dress of royal blue brocade taffeta. Her circlet crown of royal blue was of the same material as her dress. She wore matching shoes and white gloves. She carried a bouquet of tangerine carnations, adorned with net and green streamers.

Miss Barbara Page, Ottumwa, Miss Joyce Hassler, Ottumwa, were bridesmaids. They were attired in gold brocade taffeta dresses, with matching circlet crowns. They carried bouquets like those of the honor attendant.

Miss Cindy Gerhardt, daughter of Mr. and Mrs. Jim Gerhardt, Kansas City, served as flower girl. Her dress was of yellow brocade taffeta. She wore a headress matching her dress and carried a petal basket. The basket was entwined with yellow ribbon and filled with yellow rose petals.

Her wrist corsage was of bronze pompon chrysanthemums. Master David Sharp, son of Mr. and Mrs. George Sharp, Clinton, carried a small white Bible on a heart shaped pillow to the altar.

Mr. Arthur Petersen, Ottumwa, was best man. Groomsmen were Mr. Ray Hershberger, Oklahoma, and Mr. Ray Chupp, Wooster, Ohio. Ushers were Mr. Dale Petersen, Ottumwa, and Mr. Freddie Peterson, Sedalia.

The bride's mother chose for her daughter's wedding, a black crepe dress with blue accessories. Her flowers were tangerine carnations. The mother of the bridegroom wore a blue wool dress with black accessories. She also wore a tangerine carnation corsage.

After the ceremony, a reception was held in the basement of the church. The bride's table was draped with net over white satin, caught with white satin bows at the corners. The three tiered wedding cake, decorated with white roses, featured a miniature bridal couple. Greenery encircled the cake base. Silver candelabra, holding lighted white tapers flanked the cake.

Serving at the bride's table were: Mrs. Harry Clingan, Kansas City, and Mrs. Maleta Brodersen, Ottumwa. Punch was served from a crystal bowl by Mrs. Ray Leeper, Ottumwa, and Mrs. Otis Leeper, Sedalia.

Gifts were attended by Mrs. Leo Brodersen, Florence, and Mrs. Otis Gerhardt, Ottumwa. Mrs. Don Eldenburg, Sedalia, presided at the guest book.

For traveling, the bride selected a red wool dress with accessories of black. She also wore a white carnation corsage tied with a silver bow.

The bride was graduated from Ottumwa High School in 1964. The bridegroom is employed at Hoechst in Smithton. The couple is at home in Smithton.

## Events Lead To Stardom, Segal Says

By BOB THOMAS  
AP Movie-Television Writer  
HOLLYWOOD (AP) — "Money buys happiness," George Segal says with refreshing candor as he surveys the most important year of his life.

After years of listening to deadly serious actors proclaim "money isn't everything," I was delighted to hear Segal confirm what most of us common folks believe.

"Of course money makes a difference," said the actor, who spent years in off-Broadway plays at \$45 a week. "Now my wife and I can afford a girl to watch the baby. We can go out every night of the week if we want to — and sometimes we do."

"And when we're in New York, it's not a matter of whether we can afford to go to Sardi's, but whether we want to go."

George Segal is a happy actor, and no wonder. His 30th year has brought him the kind of success an actor's dreams are made of. He has appeared in "Invitation to a Gunfight" and "The New Interns." He joined the international cast of "Ship of Fools" and is now finishing the title role in "King Rat" as the only American amid a flock of Britishers.

How did it all happen? "I'm not sure," said Segal. "I guess I had to wait for certain things to happen."

What happened was a series of events, any one of which

## Most Important Language Is Powerful, Expensive

NEW YORK (AP) — There is a widespread belief that the most important language in the world today is English.

However, there is in existence a language that is even more powerful and expensive. It is wife-talk.

To become a real scholar of this widespread form of communication, it is practically necessary for the student to be two things: male and married.

The first thing a man has to learn about wife-talk is: It never means what it says. It has to be translated.

Wife-talk is made up of hint and innuendo, gesture as well as spoken word.

Another thing a husband needs to learn in dealing with his bride is never to take her oral expressions literally. Mystery between him and her begins at the altar and never ends.

The rest of his life he will spend desperately trying to find out what the devil she is really trying to express.

They are having a meal together and she says sweetly, "Dear, won't you have some more steak?"

The recent bridegroom naturally thinks she is interested in

his welfare and pleasedly replies, "Yes, sweetie-pie, thanks, I think I will."

What he doesn't realize is that wife-talk is always couched in the form of indirect discourse and that what his bride actually meant was, "I'm starved, stupid — pass me the meat."

At a cocktail party she says of a blonde the men are clustering around, "Isn't her hair lovely?" What she actually means is, "Stay away from that dyed husky, Buster."

Wife-talk, of course, requires an answering form of communication. This is known as husband-talk. It has been scientifically reduced to a single sentence.

No matter what a wife says,

the wise husband invariably replies: "Baby, you said a mouthful!" This is the only thing he can say which is true. If he says anything else at all, he is bound to get himself in trouble.

### SINUS TROUBLE

Remember last winter? Many of us called it a bad winter. But victims of sinus disorders had double the discomfort, much of which could have been avoided if the basic cause were understood and corrected.

Some TV illustrations which are intended to appeal to sinus sufferers indicate that there is congestion of tissues which prevents the sinuses from draining properly and that, once that congestion is corrected, sinuses will drain and ease the pressure and discomfort.

But, what about tomorrow and the next day? Will the congestion and discomfort return? Will the decongestant that shrinks the mucus membrane also shrink the blood vessels and help bring on high blood pressure? Will the process keep repeating itself? If so, the basic cause of the congestion has not been corrected.

Congestion is a disturbance of the circulation and integrity of the tissue. Circulation and integrity of the tissue is controlled through the nerves and nutrition to the part. Some of these nerves are contained within the trunks of spinal nerves. Distortions of the spinal column — vertebral misalignments — frequently interfere with spinal nerves in such a way as to disturb circulation to a related structure. And, just because you may not have a pain in the neck or other section of the spinal column, if you are a sinus victim don't accept that as an indication that you have no spinal problems.

You may be one of the millions who have habits that disturb the posture of the cervical spine. A poor sleeping posture may do it. Work habits frequently distort the spinal column.

A fall or collision which shocks the spinal column may "whiplash" the neck so slightly that discomfort may leave in a few days, but leaving a cervical displacement that interferes with circulation to the sinus region.

The fact that, down through the years, chiropractic care has been helpful to sinus victims suggest the advisability of a chiropractic examination to find the basic cause of sinusitis.

Something's always brewing with that nice, "normal" family, "The Munsters." Ugly(!) duckling of the family is the Munsters' niece, played by Beverly Owen, in the Thursday p.m. CBS-TV half-hour laugh-and-shiver series. From left: Yvonne De Carlo (Lily Munster), Beverly Owen, "grandpa" Al Lewis. Presiding over the kettle is Fred Gwynne, as Herman Munster.
